Mr. Ronald G. Wiltse

Superintendent of Schools

1967 - 1986

The Yearbook staff dedicates the 1987 Marysville High School yearbook to our former Superintendent, Mr. Ronald G. Wiltse.

Mr. Wiltse served as the high school principal before becoming Superintendent. He served as Superintendent for nineteen years, from 1967 to 1986.

For all his years of dedication to the students, staff, faculty, and administrators within the Marysville school system and to the people of the community, we offer as gratitude our appreciation with this formal dedication.

**Mr. Charles C. Andrews,
Superintendent of Schools**

The editors, photographers, writers and everyone on the Yearbook Staff have the right to be proud of this year's Viking Yearbook.

Congratulations to the students and staff of Marysville High School and the Viking Yearbook.

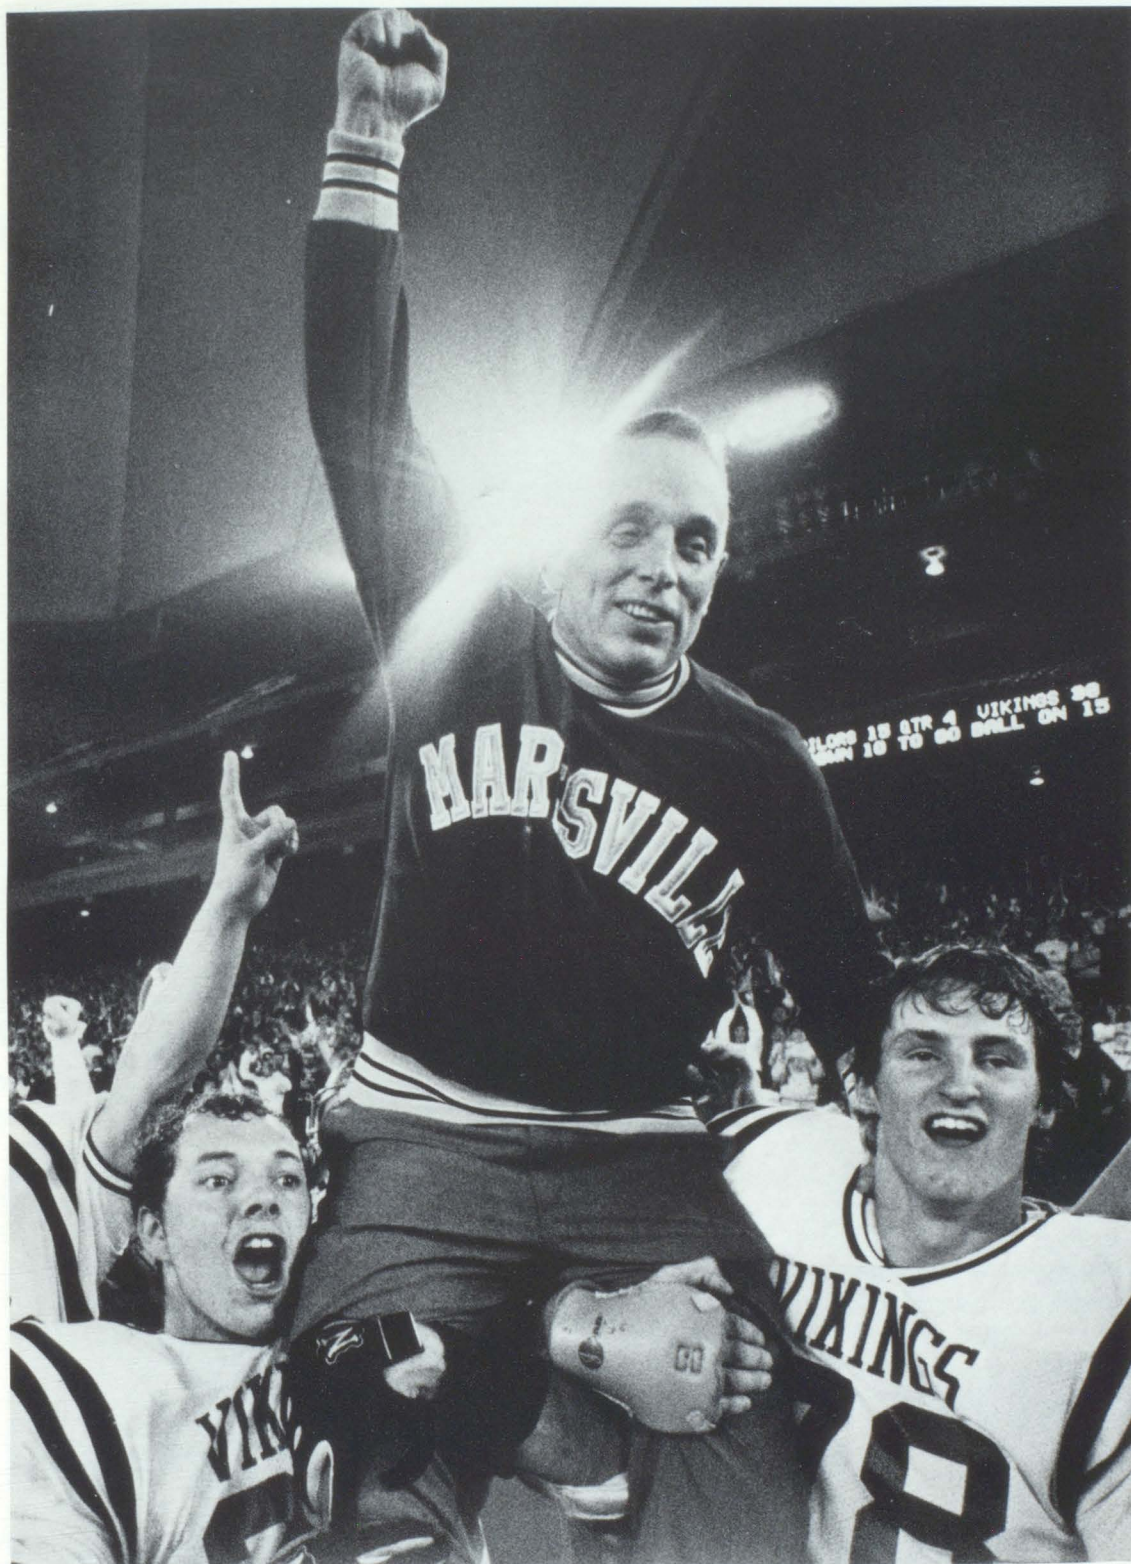

Silverdome Mania Equals...

...Football State Championship

Rich Mierendorff and Brian Bertovick hoist Coach Braun to their shoulders in celebration of Marysville's first football state championship in the Pontiac Silverdome.

1986 was the Marysville Varsity Football Team's year. They were crowned Class B State Champions.

After a disappointing loss in the season opener, the Vikings regrouped and won the next twelve games to secure their place in the history books.

After impressive victories over all the league schools and thrilling wins over East Lansing and Jackson Lumen Christi, the Vikings entered the state playoffs for the fourth time.

On November 14, the Vikings defeated a stubborn Okemos team in a 13-10 come-from-behind victory.

The following Friday, at Atwood again, Farmington Harrison was removed from the tournament by a score of 22-6.

The next stage was the Silverdome. The mania began. Most Marysville fans had never seen such a display of football dominance. The Vikings won the State Championship Crown by devastating Grand Rapids Southern Christian, 38-15.

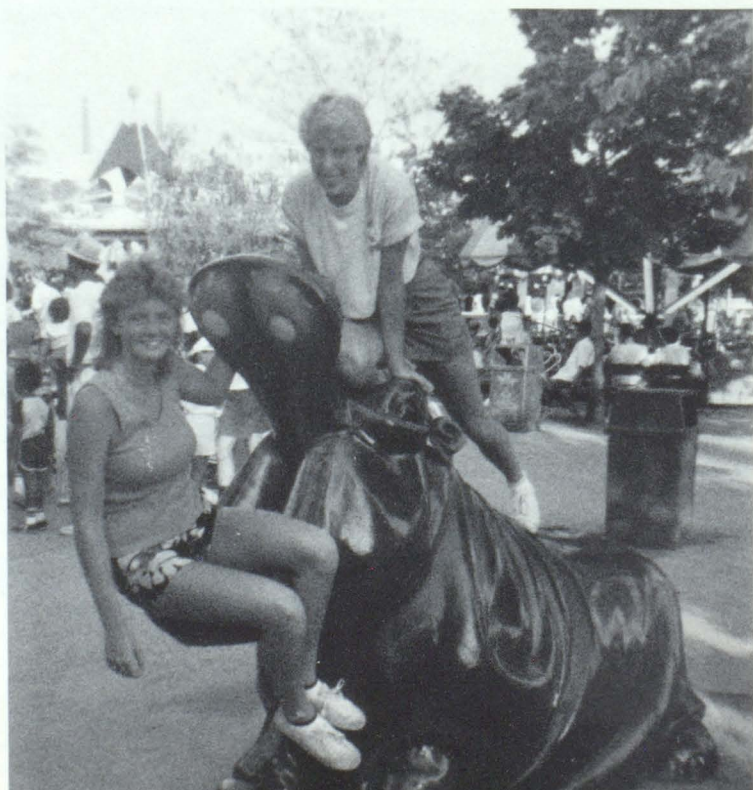

It was **the year of the Viking.**

What We Did Last Summer

Pat Ropp and Paul Erbe represent Marysville High School at Boys' State, which was held on the campus of Michigan State University.

Boys' and Girls' State

June not only proved to be a fun vacation, but for some, it was educational as well. Boys' State and Girls' State took place during the second week.

Sponsored by the Lion's Club and Rotary Club, nine students learned about local, State, and national governments.

Both mythical 'states' were divided into counties and cities. The 'citizens' ran for offices on all levels of government, from the governor to city dog catcher.

Problems of society were presented to the cities, counties, and State. It was the job of the participants to create solutions for the problems.

Free time was given to participate in volleyball, softball, racquetball, and swimming. There was even a quiz bowl team for those not athletically inclined.

Pat Ropp, Paul Erbe, Matt Ayotte, Bryan Taylor, and Nick Groch were delegates to Boys' State which was held at Michigan State University.

All 900 boys walked to the State Capitol to visit their congressmen and listen to a speech by Governor James Blanchard.

Cheryl Sulkowski, Kathy Dawson, Tina Balinski, and Anne Connors were delegates to Girls' State held at Central Michigan University.

Boys' State representatives (L to R): Matt Ayotte, Nick Groch, Pat Ropp, Paul Erbe, Bryan Taylor, and principal, Mr. Grosser.

Meet the Frosh Class Officers

The 1986-1987 freshmen class president was Patty Pozios. Patty was a Valhalla and was also on the Pep Committee. Working at Coney Island keeps Patty busy on her Saturdays. She also enjoys going to concerts and laying in the sun.

When asked about her presidency, Patty said, 'I enjoyed being president and hope to get a lot accomplished during the next four years.'

Shiela Lepak was the frosh vice-president. Shiela was very active in school sports and activities. She was involved in basketball, varsity volleyball, and was also active in softball. Along with sports, Shiela is also very interested in her academics.

'I think the Marysville sports' program is great. I also think we deserved the State Championship in football and will do it again, soon,' said Shiela when asked for her comments about the athletic program.

'I enjoyed being treasurer because I liked being involved with and organizing school activities. The high school has been great because there is more freedom,' said Kevin Quinlan, frosh treasurer.

Kevin is very involved in photography and enjoyed working on the yearbook very much. Kevin also likes working with computers in his spare time. Along with all his activities, Kevin also played on the school golf team.

Last but not least is the freshman class secretary, Jodi Lixey. Jodi is interested in many school sports like basketball, volleyball, and softball.

Along with school sports, Jodi also enjoys other activities like downhill skiing, racquet ball, golf, and water skiing.

When asked, Jodi said, 'I think people should do something with their lives instead of being or doing nothing.'

Jodi also like shopping and spending time with her friends.

Freshmen Float Sails to Victory

The freshmen class cheers as they hear that they are the winners of the 1986 Homecoming float building contest.

Dianne Cassin said, 'It was a lot of hard and time consum-

ing work, but it paid off.'

This is the first time that the freshmen class has taken first place in many years.

'If it wasn't for all the hard-working people, we would never have won,' said Kevin

Quinlan, one of the many students who worked on the float.

The float was a Viking ship that said, 'Saints Take a Dive.'

This prize-winning float was assembled at Toni Mumford's

house.

Kelley Cruickshank said, 'It was very difficult work, but it was fun!' Everyone in the class seemed to agree. It was a great start to a great year.

Sophomores Show Spirit During Homecoming

The Sophomore class had an exciting homecoming week. Their hopes for a first place in float building were not realized, but this fact did nothing to mar their spirit.

The class float theme was 'Wheel of Fortune'. From a sophomore's point of view, the float was a sure winner, but the technical judging had the float coming up just short of victory.

Imagination and creativity were the mainstay of the sophomore's float and their spirit for the entire week.

Dawn Jozwiak was the sophomore representative on the Homecoming court. (See picture at right.) She was escorted by senior Jeff Smith. Dawn was the class secretary and participated in cross country, cheerleading, and track.

The week was one that the sophomores had every right to be proud of. They indicated that they were a spirited class.

A Class Ring Shows Unity

The sophomore class had the opportunity to buy class rings this year.

A class ring is a symbol of your high school days and also is meant to remind you of them.

Jostens sent a representative to the school to speak with the sophomores about the quality of their products and about the way they back them.

Many features can be added to the rings, but the most symbolic is the graduating year and school name or mascot.

Jostens most important point was a presentation of the ring as something that unites the class in a different way.

Many students purchased ring and were very satisfied with the quality and warranty.

Class rings are among the most cherished memento from your high school days.

Christmas Fundraiser Successful

The Sophomore class, like all classes, had to raise money for present and future class needs.

This year the sophomores put their energy into a fundraiser that involved selling elegant Christmas candles and bells. The bells were primarily designed to be displayed on a Christmas tree.

Money prizes were the incentives offered to any student who sold more than \$75.00 in sales. This proved to be a popular motivator.

The fundraiser increased the class bank account so that they are well on the road for their future financial needs.

Junior Prom and other activities in the future will be the beneficiary of this money.

Class Officers Display Leadership

Class officers are elected to do a job that takes some essential qualities. Leadership is a very important characteristic. Another is patience.

With this in mind, the Sophomore class elected four people as class officers who displayed these qualities. These people creatively and with hard work led them through the 1986-1987 school year.

This year, the officers were:

President.....Laurie Sanders
Vice-President.....Kim Allen
Secretary.....Dawn Jozwiak
Treasurer.....Gayle Emigh

Back row: President Laurie Sanders, Vice President Kim Allen. Front row: Treasurer Gayle Emigh, Secretary Dawn Jozwiak.

Junior Class Officers Lead the Way

Dusty Hondzinski
President

Katie Jackson

Tammy Duncan

Jennifer Toles
Treasurer

The Junior year is very important to every class because it requires good leadership in order to make the Senior year a year that everyone in the class will remember. This year's Junior class officers have absolutely lived up to all hopes and expectations and then some. The Senior year seems destined to be great.

As president, Dusty Hondzinski had many jobs which included organizing homecoming and the Junior

Prom, setting up and leading the steering committee meetings, starting fund raisers, and directing the operation of the concession stand at home varsity football games.

Dusty commented, 'I really enjoy being president and having all the responsibilities I have, even though it's hard, but the results usually pay off.'

Dusty receives a lot of help from the vice-president, Katie Jackson. 'I really don't have much to do because the

president does so much of it. All the officers help out a lot, though,' Katie said.

Tammy Duncan, the class secretary, also contributes much of her time to organizing within the junior class activities. She does everything from sending out invitations and writing thank-you notes to taking attendance at meetings.

Tammy said, 'As secretary, I really appreciate all the help I've received from the teachers and administrators,

especially during Homecoming and the Junior Prom. Also, many people in the community are always willing to help us.'

Jennifer Toles, the class treasurer, also helps out considerably by keeping track of all the class money and assisting the other officers.

'I really like being an officer, and I think it's a lot of fun,' Jennifer commented.

For the 1986-1987 school year, the Junior Class was in good hands.

Fundraising Prepares For Senior Year

The Junior Class has raised quite a substantial sum of money this year. This will be used next year, the senior year, to fund the Senior Prom and other activities and needs that the class will have in its final year.

The money was raised in various ways. This included

everything from operating the traditional Junior Class concession stand at home football games to selling Christmas ornaments shortly before Christmas.

The class president, Dusty Hondzinski, had the responsibility of managing the concession stand for the entire

game and making sure that all the classmates helping her were doing their jobs and showing up on time.

The concession stand plays a major role in the Junior Class fundraising for the year. 'The job was done correctly, and everything ran smoothly and efficiently,' said Deanne

Gkekas.

The Junior Class future looks bright because of all the efforts extended by many during the course of the year.

Mr. Bill Goetz was the class sponsor.

Great American Authors

In December, the Junior English classes went to see a play at the University of Michigan Theater in Flint.

The play was entitled 'Great American Authors'. It helped the Junior class learn about famous American literature authors and see main scenes from each of the author's stories acted out.

It was interesting for the classes in the way the performance was done. There were only four actors and actresses that portrayed over twenty-five characters throughout the presentation.

The props were very simple but effective. Much of the scenery was left up to the imagination.

A scene from 'The Adventures of Huckleberry Finn' was the last act. It was very well done, and the humor added a great deal to the acting.

The class supervisors were Mrs. Lou Kiefer, Mrs. Marilyn Gorham, and Mr. Mike Patterson.

The trip was both fun and educational. It was nice to have the opportunity for such a different learning experience.

Junior Prom: Hold Me

The Class of 1988 held its Junior Prom on January 24, 1987, in the Washington Elementary School gymnasium.

The gymnasium was decorated in mint green, peach, and silver.

The theme of the prom was 'Hold Me'. The title was based on a song by Whitney Houston and Teddy Pendergrass.

Many people came to the prom. The Junior Class was well represented at this memorable occasion.

The presence of many teachers was both a surprise and very pleasing to those in attendance. This was appreciated.

Everyone involved had only praise for all of those who worked so hard to create such a wonderful experience.

Tammy Duncan, the class secretary, commented, 'It was hard work, but we had a lot of help from Mr. Goetz and Mr. Skzyniarz. All in all, the steering committee pulled together and did a great job. Also, it was a lot of fun and really brought our class together.'

The Junior Prom was one to remember. There were many memories for all to 'hold' on to for the future.

A cast member from the play 'Great American Authors' meets Lynn Berger in the audience.

A Day With the President

This year some of the seniors went down to see the President at Cobo Hall. Certain schools were invited to bring chosen students down to see the President give a final push for a local candidate. Seeing he was so far behind, it was a spur of the moment thing for Bill Lucas to get a few extra votes.

Mr. Grosser, Mr. Mino, and Mr. Gkekas accompanied the group.

The students who went were chosen by their grade point average.

It was an exciting experience to see a President of the United States in person. For most of the students involved, this was a first time experience.

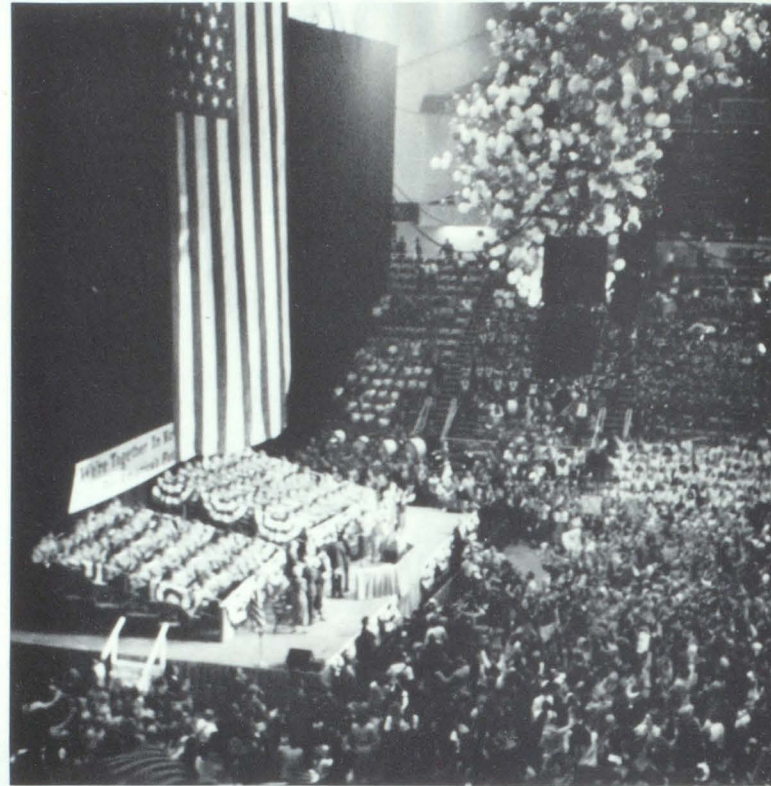

One of the most interesting

aspects of being in Cobo Hall with the President was the Secret Service and their protection of the man in office. Students saw first hand the necessary protection that was necessary as they entered the hall and were searched for weapons.

Bryan Taylor, one of the students who went, said, "It was exciting to see...but it was also humorous to see all the political behavior of so many politicians, their posters, and listening to their rhetoric."

The seniors gained an experience that will never be forgotten. The sights and sounds will remain in the mind.

Float Finally Takes Second

In the Fall of 1986, the seniors were out to redeem themselves by placing higher in the float building competition than they had in the past.

First came the design of the float. Since the Student Council voted to have an open theme the classes could choose to make whatever they wanted to make.

After the Seniors had decided on their designs, many 'flower parties' took place to make flowers for the float. Most of the flowers were made at Mary Beth Fults' house. It will never be forgotten how her dog, Brandy, loved to 'taste-test' the flowers.

The main float building was done at Kelley Sampson's house. As the float was being built, few people had any idea what the float was supposed to look like. So, there were many seniors running around like blind mice not knowing what to do, and just doing what they were told to do.

Even with all the hassles of such a project, the float building brought the Senior class closer together. Everyone wanted to go out with a win.

As the float neared completion, the realization that a lot more flowers were needed finally set in. So, with many trips to the store and everyone pulling together, the float reached completion.

Then came the problem of transporting the float. There were only twenty-four hours to parade time.

Scott Vernier and Pete Stager were searching for someone to tow the float when the idea to have a tow-truck pull it arose.

At 5:00am on the morning of Homecoming, helium balloons were added to the inside of the float to be released during the parade and at the halftime ceremonies during the football game.

The Seniors' float finally had moved out of its fourth place standing to take second in the competition.

It was a job well done.

Wisdom For Class of 88'

Seniors of 1987 wish to pass on a little advice to the Seniors of 1988.

First, make plans ahead of time about what you want to do when you get out of school, especially those students who are planning to continue their education. Planning ahead will save a lot of hassle at the end of the school year when there is a mad rush to get graduation, prom, and college applications completed.

Officers of the Senior class suggest to next year's officers that they plan early for pictures, homecoming, the prom, and graduation. A lot of confusion and frustration can be avoided that way.

To all seniors, one should value friendships. Treat them with great care. For many friends it may well be the last year that you see them.

Good luck to the Class of 1988 and all future seniors. It was fun being at Marysville for four years. We are all family. It is hard to say goodbye.

The Senior year is the most important year of the four years in high school. Therefore, a class must have good leadership to make it memorable and rewarding.

The senior officers had much work to do through the year. President Scott Vernier oversaw all the things that were done on the Homecoming, Steering, and Prom committees.

When Scott learned that he was the class president, he said, 'I was kind of surprised at my nomination, but I am very grateful that I was chosen to lead the senior class.'

Scott received a lot of help from Pete Stager, the Vice-President. Pete organized committee meetings, led committees, and oversaw all meetings when the President was not available.

Pete commented, 'I am really glad I was chosen as an officer this year. In some spots it was hard because Scott worked, and we had all our meetings during extension while Scott was at work. But I found out that taking control when the President wasn't around was what Vice-Presidents are for.'

Trish Czajka, the Secretary, worked hard doing things like sending out invitations and thank-you cards.

Trish said, 'It was a good experience and it will help me in leadership later in life.'

Sarah Master served as Treasurer, keeping track of the financial situation of the class and assisting the other officers. Sarah was happy to work in the position and glad that her classmates had awarded her the position.

VIKING PRIDE

The 1986 Marysville *Viking* Homecoming was held on September 26th. The parade traveled through two miles of Marysville's streets on their way to *Viking* Stadium. At the stadium a pep rally was held. during the rally the Grand Marshal of the Parade, **Mr. Lou Schmorrow**, was introduced and **Mayor Wright** gave a pep talk.

During the half-time ceremonies **Mayor Wright** made the homecoming week proclamation. **Miss Kathy Dawson** presented **Mr. Lou Schmorrow** with a student

council plaque. The winners of the float building contest was the class of '90. Finally, **Miss Mindy Woods** was proclaimed 1986 Homecoming Queen.

Shortly after the half-time ceremonies the game was postponed due to weather conditions. As the game commenced on Saturday Sept. 29, the Marysville Vikings were victorious over the St. Clair Saints with a score of 17 to 3.

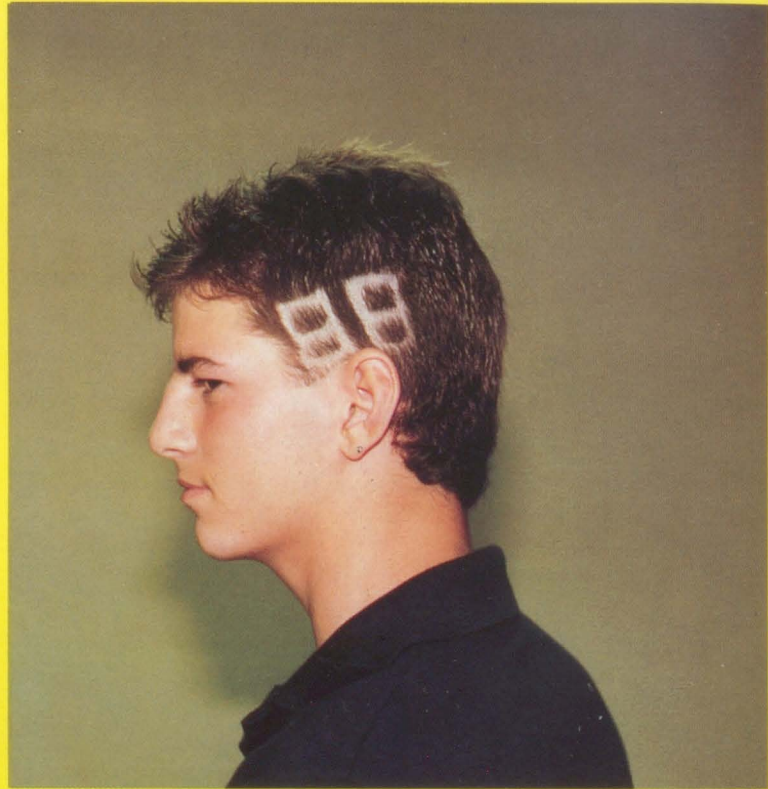

Following the game the dance was held at Washington Elementary School.

1987

SENIORS

AT LAST!

A year that has been longed for by many including the senior class, 1987.

There were many high points throughout the course of the year. They were homecoming, pep assemblies, and ordering caps and gowns. The senior play, 'The Diary of Anne Frank', was held on November 20th and 21st.

Coming home and the Senior Prom were held in the spring.

Then finally the moment longed for yet dreaded, commencement ceremonies. The class of 1987 reflected on their trials and errors, accomplishments and failures. They began their separate lives with one thing in common, they are all Marysville High School graduates.

This Is Our Absolute Time.

Absolute Achievers

Valedictorian

The epitome of scholars in the Class of 1987 was RONALD HOWARD, who carried a 4.0 grade point average throughout high school to earn the title of Valedictorian.

Ron also received an American Legion Award in recognition of his courage, honor, patriotism, and scholarship.

Not only did Ron excel in high school, he also took many courses at St. Clair Community College and was treasurer of the Engineering Club.

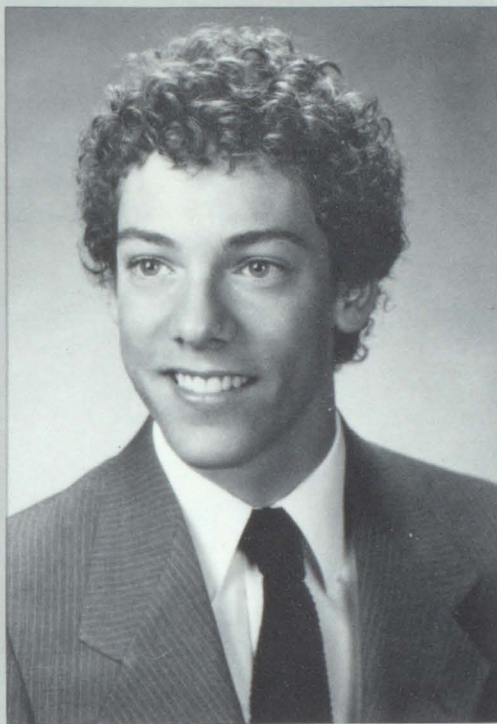

For fun, Ron enjoyed reading, attending symphonic performances, and frisbee.

He was captain of both the quiz bowl team and the swimming team his junior and senior years, and a member of the National Honor Society.

Ron received many academic awards from the NHS and was the most accomplished swimmer in Marysville's history, winning a State Championship twice.

Ron planned to attend the University of Michigan and major in mathematics and physics.

Ron commented about being the class Valedictorian, "I consider it a great honor to be representing my class with this award."

Salutatorian

Salutatorian of the Senior Class was PAUL ERBE.

Paul earned this honor by maintaining a 3.927 grade point average and concentrating hard on science, math, and English courses.

When asked how he felt about receiving this award, Paul replied, "I feel elated! It's something I've always dreamed about receiving."

It was not all work for Paul, though. He was involved in many extracurricular activities such as the senior play, quiz-bowl, Student Action for Education Tutor Club, and the varsity tennis team.

Paul also enjoyed playing the saxophone in the Marysville High School band and practicing his vocal talent in school musicals.

Paul, who was a member of the National Honor Society, planned to attend either Western Michigan University or Calvin College to pursue a career related to chemistry.

MHS Honors

SENIOR EARNS TWO AWARDS - One of the most active members of the senior class was KATHRYN DAWSON. She achieved the honor of earning and receiving two awards: the American Legion Award and the Calvin Moulton Activity Award.

The American Legion Award was given to Kathy in acknowledgement of her honor, leadership, and scholastic abilities. The Calvin Moulton Activity Award was given to her due to her participation in activities both in and out of school.

Kathy proved her worthiness for these awards by being involved in many aspects of school activity. She was a four year veteran cheerleader, a member of the Marysville High School band, a class

officer her sophomore and junior years, and President of the Student Council in her senior year.

Kathy also participated in two school musicals, the senior play, class steering committees, and was the secretary of the National Honor Society for three years. Scholastically, she concentrated on college prep courses.

When asked what she felt about her high school education, Kathy responded, "I feel my education was well worth it, and it was more than I hoped for. I really enjoyed all the activities and the teachers I have had."

Kathy planned to attend the University of Michigan and seek a career in engineering.

Who Was Charles Moulton?

A Remembrance

Charles "Calvin" Moulton was born in Marysville, November 16, 1925. He was killed in World War II, July 30, 1945. He graduated from Marysville High School with the Class of 1943 and was an Eagle Scout in the Marysville Boy Scout Troop No. 16.

Classmates, at their 1964 class reunion voted a memorial in his name to be awarded each year to a selected member of the school's graduation class.

Calvin entered the service in the U.S. Navy in January, 1944. He was assigned to duty aboard the heavy cruiser, Indianapolis, Flagship of the 5th Fleet, commanded by Admiral Raymond A. Spruance. He saw action aboard the Indianapolis as a gunner in the pre-invasion bombardments of Guam, Saipan, Tinian, and Peleliu in the Pacific.

The flagship, along with many other naval vessels, was struck and damaged by a Japanese kamikaze off Okinawa.

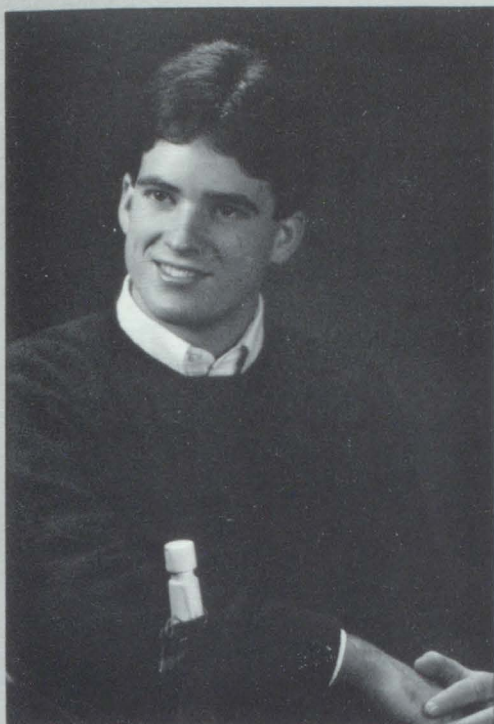

After temporary repairs, the cruiser returned to Mare Island for permanent repairs and overhaul, at which time Calvin returned home on leave.

In the latter part of June, 1945, he returned to the Indianapolis which shortly thereafter left for the South Pacific. Aboard were the atomic bombs, which were delivered to the island of Guam and subsequently dropped by our airplanes in the Japanese cities of Nagasaki and Hiroshima.

Late in July, the ship left Guam, unescorted, to rejoin the 5th Fleet at Leyte in the Phillipines, a distance of 1500 miles. At midnight on July 30th, a Japanese submarine hit the Indianapolis with two torpedoes which exploded the ship's magazines. She sank in twelve minutes with a loss of 880 men out of a complement of 1200 aboard.

Yes, his country, his school, classmates, and the recipients of the Calvin Moulton Award can be proud of all young men and women who are ready and willing to serve their country and sacrifice their lives if necessary for the cause of freedom. --Mr. John Hurley

Its Best

DAUGHTERS OF THE AMERICAN REVOLUTION AWARD - The first male to receive this award in Marysville was PATRICK ROPP. He earned this historical award by demonstrating good leadership, dependability, honesty, punctuality, and patriotism.

Pat was a varsity football player, member of the American Power Boat Association, student council member, and President of the National Honor Society. He has received numerous academic and athletic awards while concentrating mainly on mathematical studies and ranking third in the class. He was also chosen to represent St. Clair County in the U.S. Senate Youth Scholarship program.

Pat enjoyed being a swim team member, participating in the school musical, and racing outboard hydroplanes.

Upon learning of the award, he said, "Being the first male ever to receive this award in Marysville, I was shocked. I felt honored to be chosen and hope that I can continue to sustain the ideals it represents."

Of his high school achievements, Pat gives much credit to his parents and teachers who have supported him. Pat planned to attend one of several military academies and pursue a career in naval architecture.

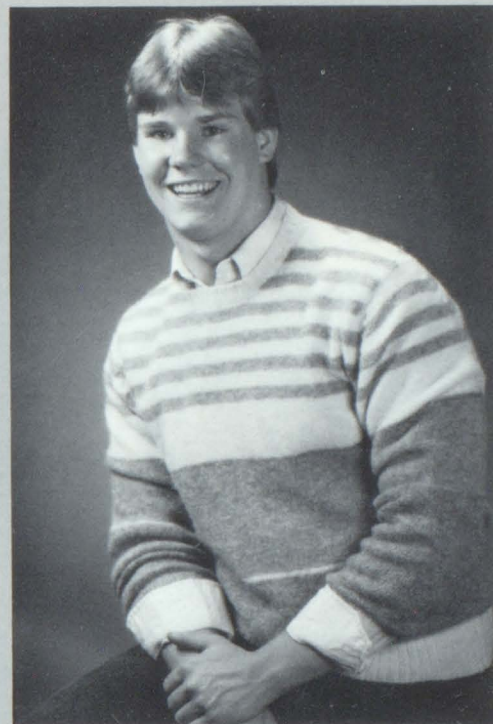

DANFORTH AWARD - One of two people to fulfill the requirements of the Danforth Award was ANNE CONNORS. She was selected for this award by a staff committee who believed she personified the qualities of mental, social, emotional, and religious development.

Anne participated in the Marysville High School marching, concert, and pep bands, class steering committees, and was a member of the swim team for three years. She also worked on the senior play and two school musicals. Outside of school she enjoyed backpacking, camping, and biking.

Anne, who planned to attend Oakland University and work toward a career in health sciences, said she was "...really very happy" about receiving this recognition.

A copy of the book, I DARE YOU, by Mr. William H. Danforth was also presented to her.

DANFORTH AWARD - In recognition of excellence in character, well-balanced personal development, and leadership potential, CRAIG HEADLEE was awarded the Danforth Award. He received a copy of the book, I DARE YOU.

Craig, who planned to attend the World of Life Bible Institute, felt "...extremely honored and proud to be the recipient of this award and to be a recognized person of my class."

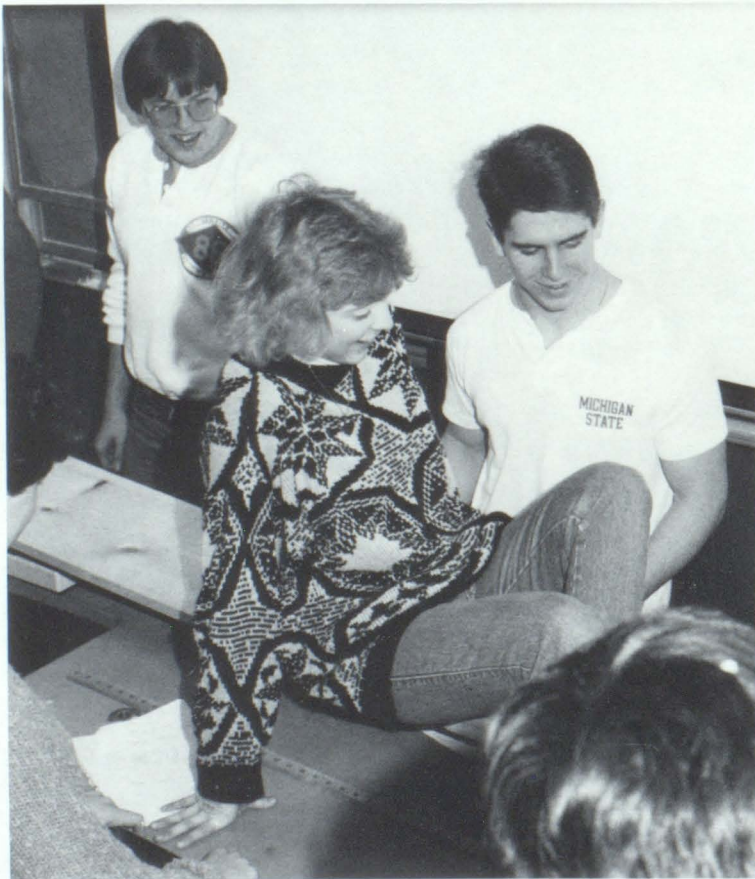

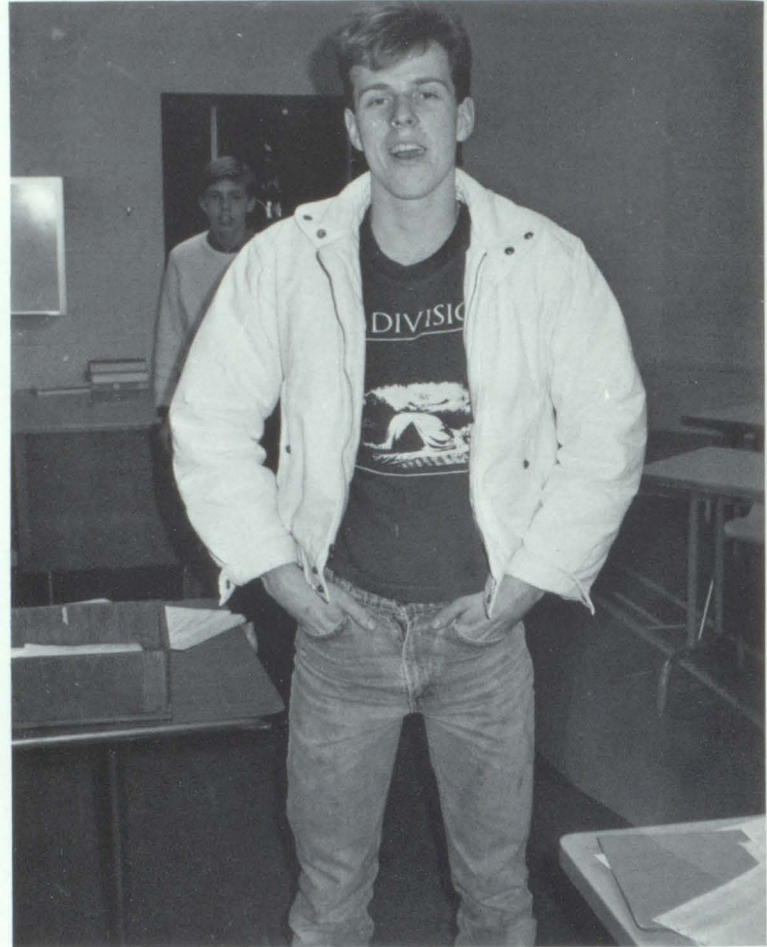

He was a varsity football player, on the tennis team for three years, and held a leading role in the school musical, "Annie".

Craig also enjoyed math, drafting, and Spanish classes in school and was very active in his church youth group, participating on their quiz team.

Live the Realities of World War II

Margot Frank, Julie Farrer, receives food supplies smuggled in by Mr. Kraller, Pat Truszkowski.

It is not often that a dramatic play is presented by a high school class. But the class of 1987 was one of the first to take a different approach to their senior play.

A cast of eleven students brought to life the impact of the Nazi extermination of Jews throughout World War II.

'The Diary of Anne Frank' is a true story of a small group of Jews that hid in a factory attic in Amsterdam, Holland from 1942 until 1945. This play reminds us of the tragedies that were suffered by many during the war.

Co-directors, Mrs. Althea Jarchow and Miss Beverly Butler, the cast and crews put great effort into producing a play that was a step above the rest.

The play was presented November 19, through the 22. Students who put forth their extra time and effort were Deana Sheehy, producer, Anne Connors and Chris Miciek, stage managers, and Ruth Siefert, props. Mike Robinson was student director.

The Cast and Crew back to front: Pat Roosenberg, Mike Robinson, Bryan Taylor, Paul Erbe, Bill Denby, Ken Mallwitz, Mindy Woods, Kelley Sampson, Jerry Brown, Jodie Currie, Chris Miciek, Kelly Steele, Kathy Dawson, Dawn Cubitt, Renee Cangemi, Lori Cloutier, Matt Ayotte, Anne Connors, Kim Smith, Ruth Siefert, Sara Brown, Julie Farrer, and Pat Truszkowski. Marching Band Hits the Stands

The 1986-87 Marysville Viking Marching Band consisted of fifty-four people.

They have marched in many activities such as the Marysville Christmas Tree Lighting, the Sarnia Christmas parade, as well as all home and tournament football games.

Mr. Don Jarchow, Band Director, Mrs. Althea Jarchow, Flag Corp Instructor, and Mr. Scott Gibson, Drum Instructor, have helped make this year successful.

The band did many fund raisers such as the clock raffle, fruit sale, and geranium sale. They raised around \$5000.00. This money went toward new uniforms and the spring trip to Mackinaw.

Mr. Jarchow said, 'We had an excellent year. I am very pleased with the students' attitude and hard work.'

Concert Band In Absolute Harmony

The 1986-1987 Marysville Concert Band consisted of fifty-six student musicians.

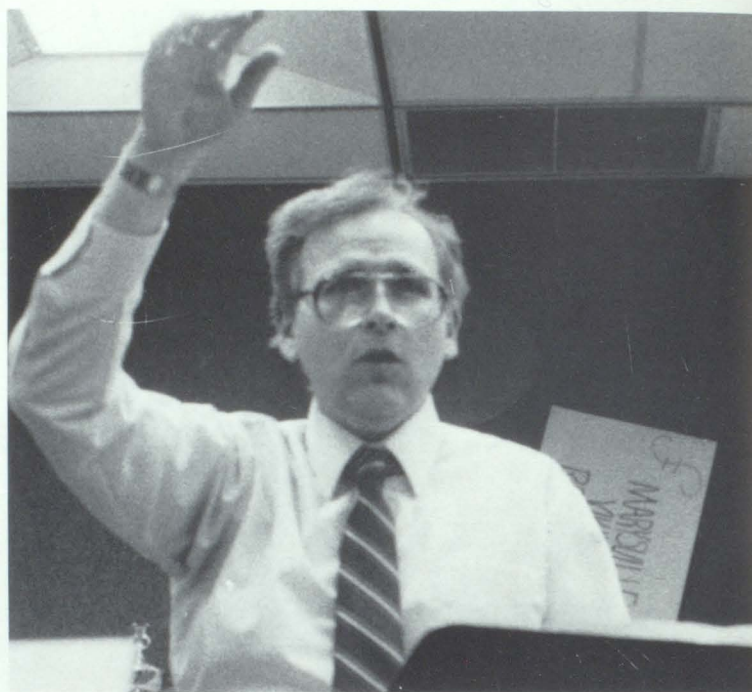

Their performances were varied and frequent. They performed a Christmas concert, a Spring concert, and participated in the District Band Festival.

During the year they did some fundraising. Fruit sales, geranium sales, and knife sales helped raise more than \$4000.00 that went towards the purchase of new uniforms.

Mr. Don Jarchow, the band director, said that the concert band was a promising group of young musicians with a lot of potential.

Absolutely Musical: "Annie"

'Annie' is a story that takes place in the 1930's during the depression in New York City. The musical shows both poverty and wealth.

It is about a little orphan girl who is adopted by a wealthy man, Daddy Warbucks. He is enchanted by the youth, innocence, and fascination of Annie's wonderful world.

Miss Bev Butler, the director of the show, commented that the most difficult task was getting high school students to act like little children.

Miss Butler said, 'The kids did a great job!' She hopes that quality musicals can continue here at Marysville.

The musical gave a Saturday matinee performance. This was a first. This proved very successful with the younger audience.

The task of directing was shared by Miss Butler who was in charge of acting, Mrs. Althea Jarchow who was in charge of music direction, Ms. Sue Rutledge who was head of publicity, and Mrs. Merlene Lindke who was in charge of the costumes.

Paula Kane and Bryan Taylor perform for the elementary school students.

Our Friend From Spain

This year our exchange student is a girl from Spain, **Berta Puente**.

In Spain she lived in Bilbao, a major city of Spain. She attended school there.

Her school day is very different now. In Spain she carried and studied ten subjects, seven hours a day. She did not have the same classes every day. She also indicated that she did not have to take as many tests.

Berta enjoyed being on the

Homecoming Court. It was a new and interesting experience that she will always remember.

Berta is not sure whether she will ever return to the United States in the near future because of her future college education. Her career goal is to be an economist.

All of us at Marysville have enjoyed the experience of knowing and working with Berta.

Berta poses with her host father, Mr. Kaiser, at Homecoming.

Administrators

MR. GROSSER: Joe Grosser completed his tenth year as an administrator for Marysville High School in 1987. He was our assistant principal for two years and has been our principal for the past eight years.

He began his teaching career at the high school from which he graduated in 1960. After six years on the Kalamazoo Central High staff he spent the next seven years teaching social studies and being the head football coach at the then, Class C Matawan High School.

He brought his thirteen years of teaching experience to Marysville in 1977 and has tried to accomplish the same goals he always considered his primary objective: 'To provide my students with a professional caring designed to help each student to develop a strong personal feeling of self worth, dignity, and positive attitude and direction.'

His choice to work in Marysville stemmed from his desire to promote the best in educational opportunity for his children. Mr. Grosser and his wife Judy desired to provide their family with a solid school system and community in which to prosper. 'We have a great community in which to both work and live. What more could we ask for our family? Marysville is a very special place. **WE ARE PROUD TO CALL MARYSVILLE OUR HOME.'**

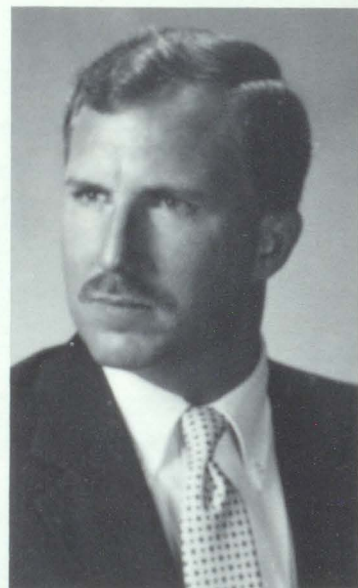

The Grossers, married twenty-four years, have three sons. Chris and James, both graduates of Marysville High School, are attending Western Michigan University. Their youngest son, Darin, is an eighth grader at Marysville.

MR. MINO: 'In every organization it is important to maintain a system of order or discipline. Without such a system, nothing productive would ever take place. We have a system at Marysville which provides us with the order necessary to insure that the educational programs we offer are of the highest quality. The system is stated specifically in our student handbook. Appropriate and inappropriate behavior are clearly defined in that publication. My main function at Marysville High School is to administer the system of order and discipline which is described in the handbook.

Administering a program of discipline is a challenge and an opportunity. It is a challenge for many reasons. First and foremost, is the fact that nobody likes to be told that their behavior is unacceptable. Some persons who are reprimanded or disciplined resent the person who applies the discipline instead of resenting the actual system of discipline which is being applied. This reaction places the disciplinarian in a situation wherein he is considered to be the 'bad guy', but overall, the trade off is worthwhile. Because I am the disciplinarian I am in a unique position to positively impact the futures of hundred of young people every year. That is the reason I consider my disciplinary responsibility to also be an opportunity.

As Assistant Principal I have the opportunity to prepare young people to be ready to function appropriately in organizations with which they may affiliate after their high school experience. Better to learn what is and is not appropriate here, rather than have them jeopardize their opportunity to be productive and self sufficient at some point later in their lives. I feel good about that.'

MR. SCHMORROW: 'I spent my entire school days in the community of Marysville and graduated from this high school. As I went through college and taught at other schools, I was always aware of the many positive characteristics present in my former community and school system.

I enjoyed my other teaching positions, but I always felt that the quality of life and education fell a little short of my remembered Marysville. I decided that I would return to Marysville if the opportunity ever presented itself. It did.

My memories had not deceived me, nor had the years changed the quality of Marysville. If anything, things were better. I could teach in a community that had never let education down.

My position as athletic director allows me to teach and retain my direct involvement with young people and to be involved with the entire student body and community through my administrative duties. I have the two best things education has to offer me.'

Faculty And Administration

School Board Leads the Way To Quality

The Marysville School District Board of education was dedicated to maintaining and improving quality in an already excellent system.

The Board of Education began the year by hiring Mr. Charles Andrews as our new Superintendent of Schools.

The school board had promised the citizens of Marysville during the last successful millage election that no new requests would be made for more millage in the next three years. The board members were ever mindful of this pledge and as improvements were made an eye was always kept on budget constraints in the years to come.

The 1986-1987 school board consisted of President Donald Steele, Vice-President Lawrence Eagen, Secretary Shirley Bellow, Treasurer George Gordon, and trustees, Mr. William Berger, Mr. Richard Russell, and Mr. Lee Schenck.

Student Council Absolutely Dedicated

The 1986-1987 Student Council was an organization which helped the school by purchasing things for instructional aid, such as computers and VCR's.

This year's officers were as follow:

President.....Kathy Dawson
Vice-President..... Helen Johnson
Treasurer.....Kellie Schweihofer
Secretary.....Jose Rubio
Sgt. of Arms.....David Nammo

Mr. Keith Mino, the Assistant Principal, was the advisor. He stated, 'The purpose of the Student Council is to provide for the school, the student body, and the community.'

The Student Council did just that. They sponsored successful blood and food drives, held a dance for Muscular Dystrophy, and caroled at Christmas time.

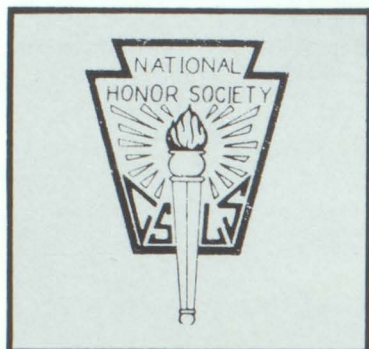

Student Council carolers assemble with Mr. Mino and beam with the Christmas spirit.

Student Council students and Mr. Mino enjoy themselves as they sing Christmas carols.

Absolute Genius

A year ago the National Honor Society began to demand more from the students. To become a member, one had to have at least a 3.5 grade point average and participate frequently in more extracurricular activities.

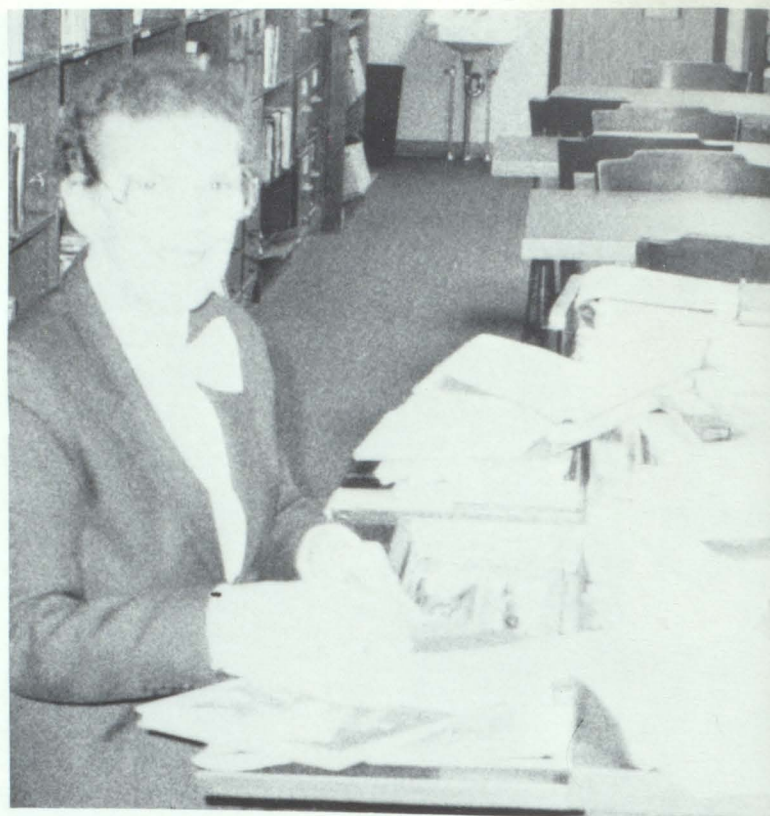

Marysville students met the challenge.

This year's NHS advisor

was again our librarian, Mrs. Marilyn Gorham.

The officers were: Pat Ropp, President, Lynn Berger, Vice-President, Kathy Dawson, Secretary, Cheryl Sulkowski, Treasurer, and Kim Smith, Historian.

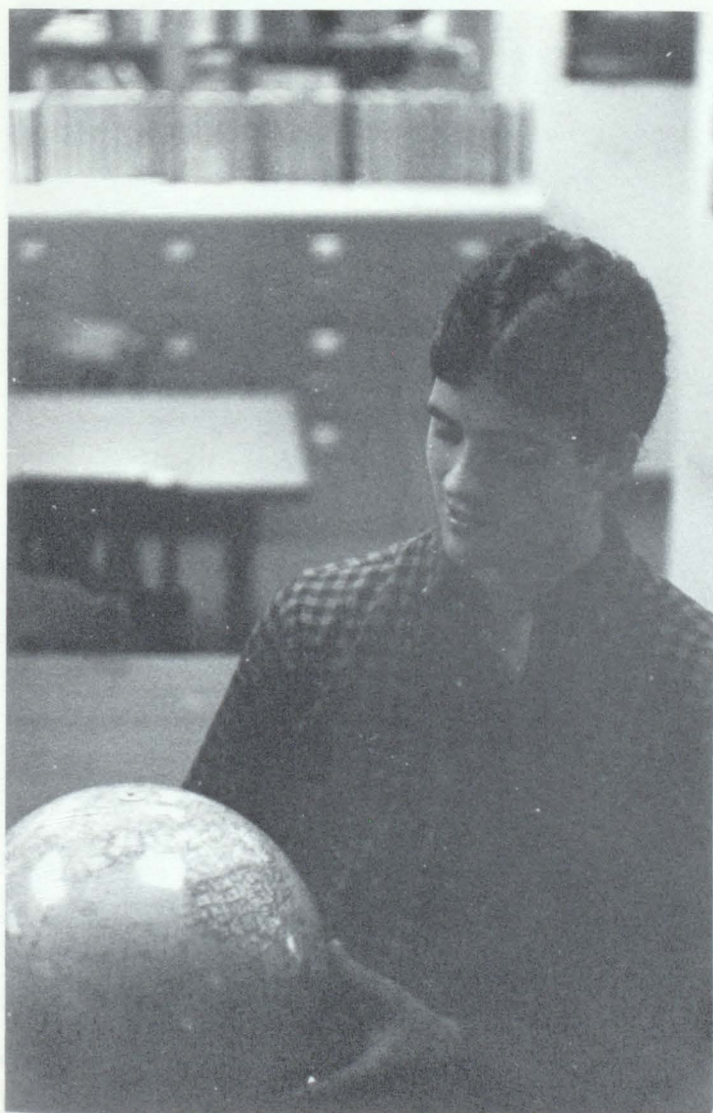

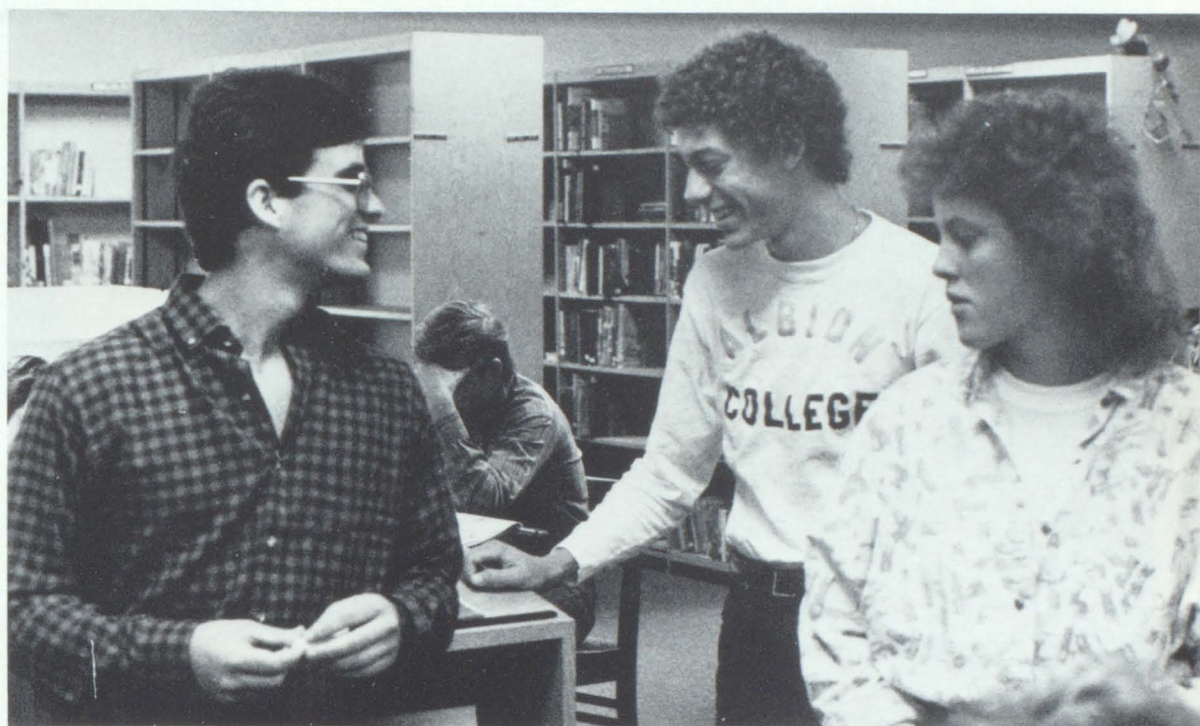

NHS was again responsible for academic excellence.

Boys' and Girls' Varsity Clubs

The 1986-1987 Boys' and Girls' Varsity Clubs began the year the way they always do, with the annual cheese and sausage sale.

The varsity clubs were also active running the concession stand at varsity basketball games at home.

The revenue from this fundraising goes to purchase four year trophies for all seniors who have committed four years to a sport, and for the purchase of championship patches for all varsity members of a championship team.

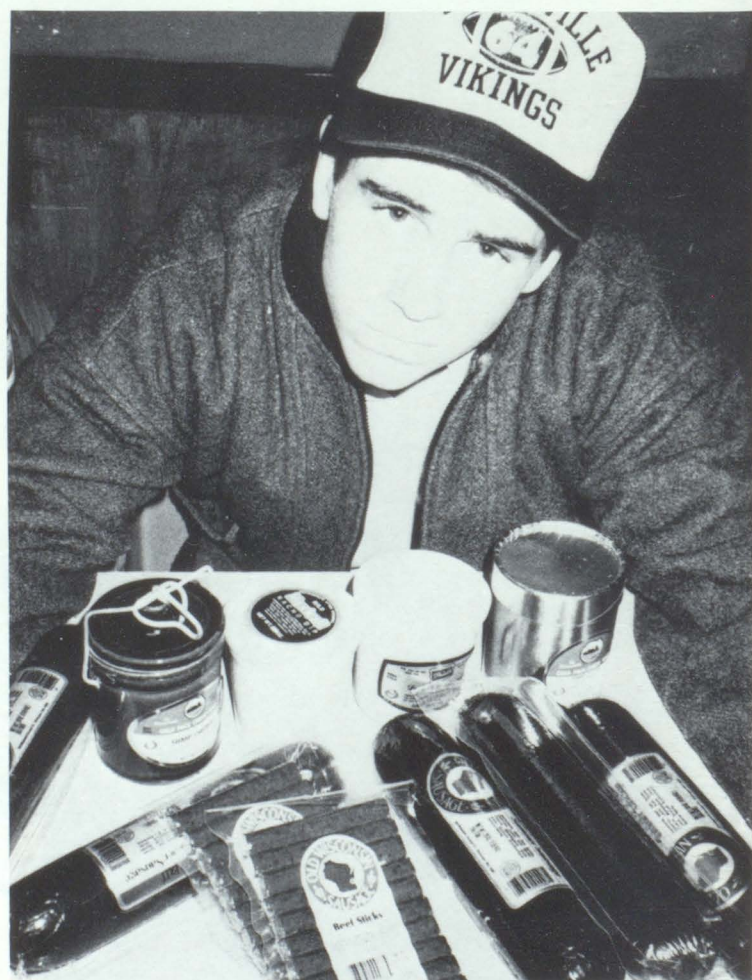

This year the activities were supervised by the athletic director, Mr. David Schmorrow.

Back Row (left to right): Jason Moody, Dennis Decator, Rich Hart, Pete Sager. 2nd Row: Pat Ropp, Rich Quintal, Dennis Neal, Ken Steele, Ken MacKay. Front Row: Jeff Patterson, Matt Taylor, Jerry Brown, Joe Lavis, Pat Catlin.

Concerned students at Marysville High School have formed this chapter of the national organization and have been meeting after school to discuss issues about drinking and driving.

Dawn Cubitt, Anne Connors, and Jodie Currie have been actively involved in the student leadership of the organization.

Campus Life is dedicated to the idea that life is best lived with a Christian attitude and approach.

Their activities, discussions, and approach to life have this idea at the center.

The club discusses important social and religious issues, plays games, and goes on absolutely fun outings.

Their activities are often coordinated with clubs from other area schools.

Extra Point Club

The Extra Point Club was started this year by Varsity football coach, Mr. Walt Braun. It was designed to give football players something to do year round and to help raise funds for special football equipment and events for the the football team.

This year the club sold two different types of bumper stickers, started a floor hockey game after school in the gym, held a lift-a-thon, and designed and purchased a club jacket.

Officers this year were Matt Taylor, Randy Socha, Pat Ropp, Scott Blackney, and Rich Mirendorff.

Students Help Students

Do you need help with Geometry or Biology? Are you struggling in Calculus or Physics? Well, help has arrived at last.

The Student Action for Education Tutor Club, better known as S.A.E., is now in action. All you have to do is go to them.

The club was started by Ms. Troy, who is the advisor. The group consists of nine members.

Are you wondering what the S.A.E. actually does? If a student is having trouble in a subject he or she will go to Ms. Troy and then a S.A.E. member will meet with them before or after school and tutor them. Members also keep the student's teacher up to date on the student's progress.

The officers are as follows - President Paul Erbe, Vice President Renee Cangemi, Treasurer Pat Ropp, Secretary Chris Clark, Historian Heather Moncher, Parliamentarian Matt Ayotte, Activities Chairman Rich Hart.

D.E.C.A.: Business Awareness

In today's world, business is very important. Business learning begins in a person's school years.

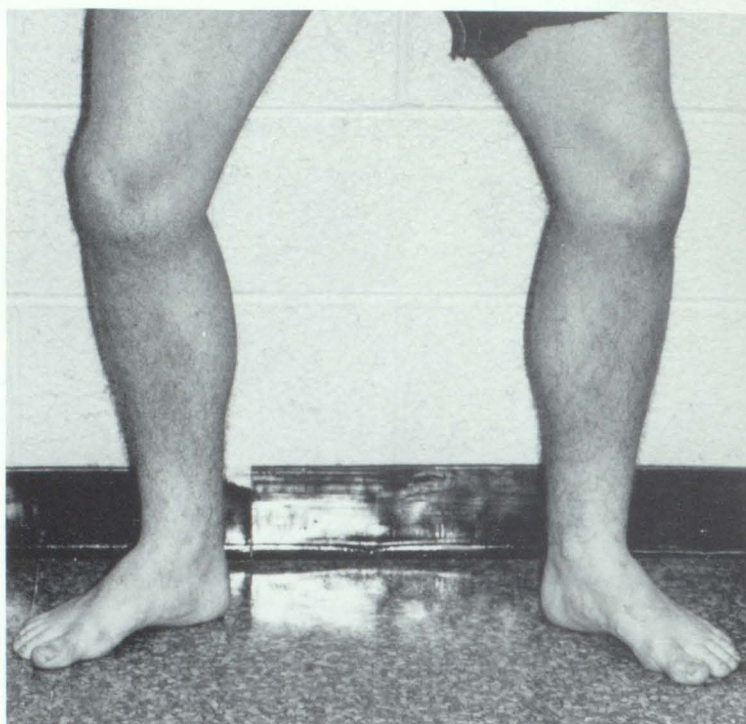

D.E.C.A. is a form of business education. D.E.C.A. stands for Distributive Education Clubs of America. Mr. Kurt Smith is the D.E.C.A. adviser and directs all activities.

D.E.C.A. is involved with many areas of business. Marketing and advertising are two examples.

This year D.E.C.A. sponsored fund raisers like the 'Best Legs Contest' and a dance.

D.E.C.A. is encouraging and promoting business education throughout the school.

Computing Absolutely

This was the second year that Marysville was involved in a new type of competition---computer programming.

The ACSL computer club competed on a State and national level. Their performance was outstanding. They ranked second in the region, first in the State, and forty-fourth in the nation.

The top computing members of the organization were former students of the computer classes. They were called upon to solve problems that would make the ordinary mind boggle.

Mr. Ken Vineyard was the sponsor and advisor.

The computer lab's IBM PCjr. was the heart of the new competition.

(From Left to Right) Steve Horbes, Ron Howard, Ty Schenck, Rich Hart, and Pat Catlin were at the center of the ACSL computer competition and were responsible for Marysville's strong showing.

Quiz Bowl: Absolute Perfection

Knowledge and wisdom lead to greatness.

The 1986-1987 Quiz Bowl team picked up where last year's team left off. They completed the second undefeated season in a row for the Marysville High School Quiz Bowl team.

The team was a very talented and intelligent group.

Quiz Bowl contests pit two groups of students in competition. Each group is given the same question. The first team to answer the question correctly receives a predetermined number of points. The team with the most points at the end of a given period of time is declared the winner.

Mr. Don Jarchow was the coach of the team with assistance from many on the faculty and our principal, Mr. Joe Grosser.

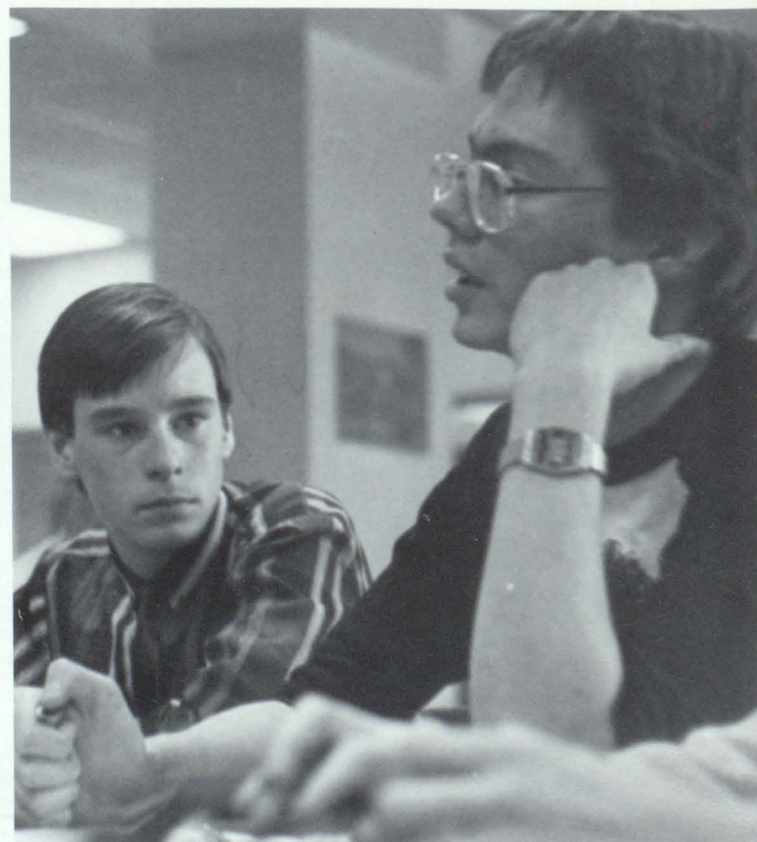

Through the efforts of Mr. Grosser, the Quiz Bowl team began last year, entered an area league, and quickly became an educational force to be reckoned with.

The success continued this year.

There are three: Bryan Taylor, Kevin Quinlan, Chris Berdan. Find them.

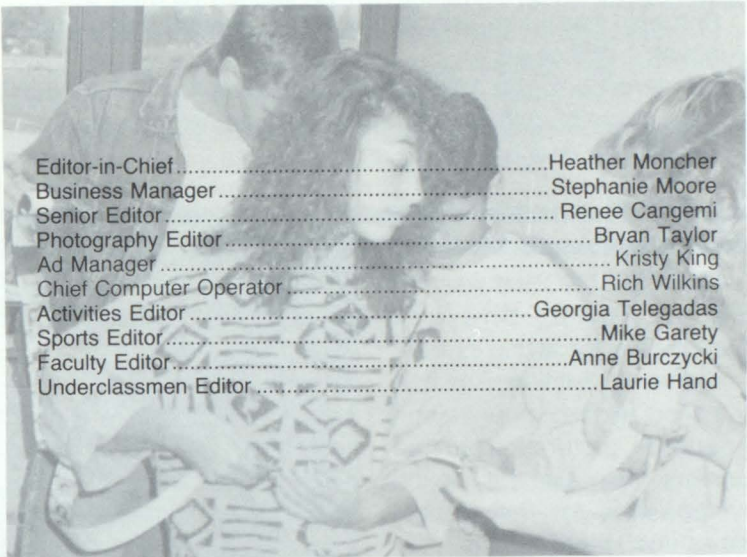

The Viking Yearbook underwent many changes. The senior pictures were printed in color for the first time. The advisor, Mr. Schmorow, was also new. Ms. Heather Moncher was the Editor.

The theme of the Yearbook was 'Absolute Reality'. The staff tried to express the realities of the year.

The Yearbook was done with the latest in technology. For the first time everything was processed using a computer.

Editors

Heather Moncher was the Editor-in-Chief of the 1987 Viking Yearbook.

She received this honor as a junior after spending her freshman and sophomore years on the staff. During those years she had a variety of responsibilities including Lifetouch Correspondent and Underclassmen Editor.

Heather has been involved in many other activities at Marysville, such as S.A.E. Tutoring Club, chorus, and the musical, 'Oklahoma'.

At the Skill Center she studied Merchandising and belonged to D.E.C.A. and Enterprise.

She also has been very active in her religion being one of Jehovah's Witnesses.

In reference to the 1987 yearbook, she said, 'You wouldn't believe everything that went wrong, but, oh, what a year!'

Thank you, Heather.

RENEE CANGEMI was the Senior Editor. She was responsible for laying out the entire senior section. She had to collect all the composite and yearbook pictures from the seniors. She also had to be responsible for the correct sizes and identifications.

LAURIE HAND was the Underclassmen Editor. She had to lay out the freshman, sophomore, and junior sections with individual pictures.

Her job consisted of gathering and identification of three classes of students.

RICH WILKINS was the yearbook's first Computer Editor at Marysville High School. He worked on the laying out of the yearbook, which was done entirely by computer. With the help of the yearbooks new advisor, Mr. Schmorow, they entered a new era.

KRISTY KING was the Advertising Editor. She organized the selling of ads to companies and businesses throughout St. Clair County.

She then had to help design the ad and make sure that the client was satisfied with the finished product.

BRYAN TAYLOR had the job as the Photography Editor. This meant countless hours in the darkroom, on assignment, and supervising the supplies.

His job required working with all the departments, taking their orders for pictures, and meeting expectations.

MIKE GARETY served as the Sports Editor. He managed the entire section, bringing over twenty teams, their statistics, and accomplishments to these pages.

His involvement in the photography department was another essential aspect.

STEPHANIE MOORE has been the Business Manager for the yearbook for the last two years and plans on continuing for two more.

Her job was to manage sale, billings, payments, and the like. She is basically the accountant.

ANNE BURCZYCKI was the Administration and Faculty Editor. The entire section was her responsibility, from copy to formal pictures and candid.

Her work also included all staff, such as secretaries, cooks, maintenance people, and bus drivers.

GEORGIA TELEGADAS and ROBIN MCLEOD were co-editors of the activities section.

Their section covered all the clubs and special activities that were involved in the school year. Coordinating this was a monumental task.

Small fans happily pose with the Harlem Diplomats.

Absolute Laughs

A group of basketball players from Canada called the Harlem Diplomats were formed about fifteen years ago and emulate the famous Harlem Globetrotters.

The leader of the team is the son of the famous Globetrotter, Goose Tatum.

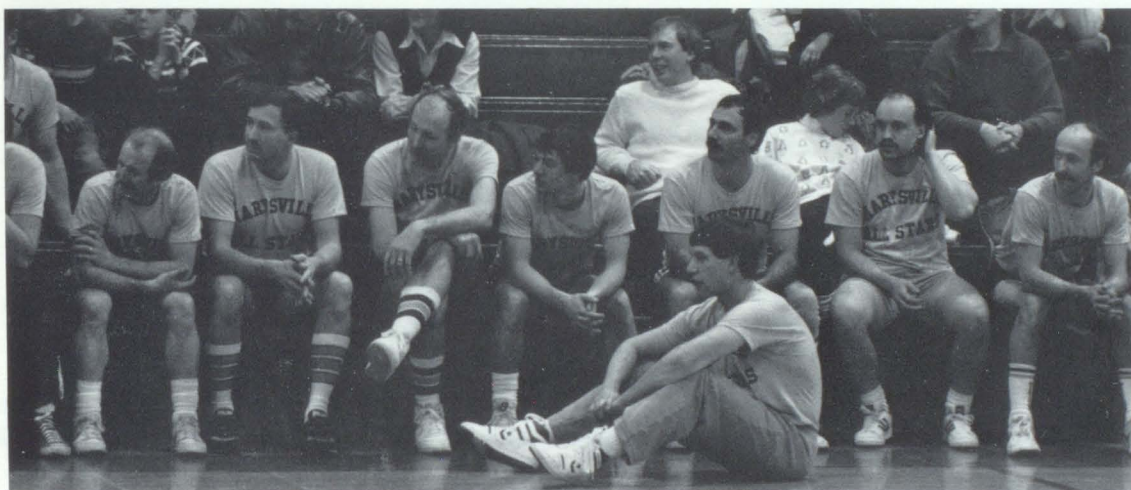

On Valentine's Day, the Diplomats came to Marysville to play against an All-Star team consisting of coaches and faculty.

Although the final score had the Diplomats winning, 71-61, it was evident that more than 80% of the All-Stars baskets were because of less than serious defense by the Diplomats.

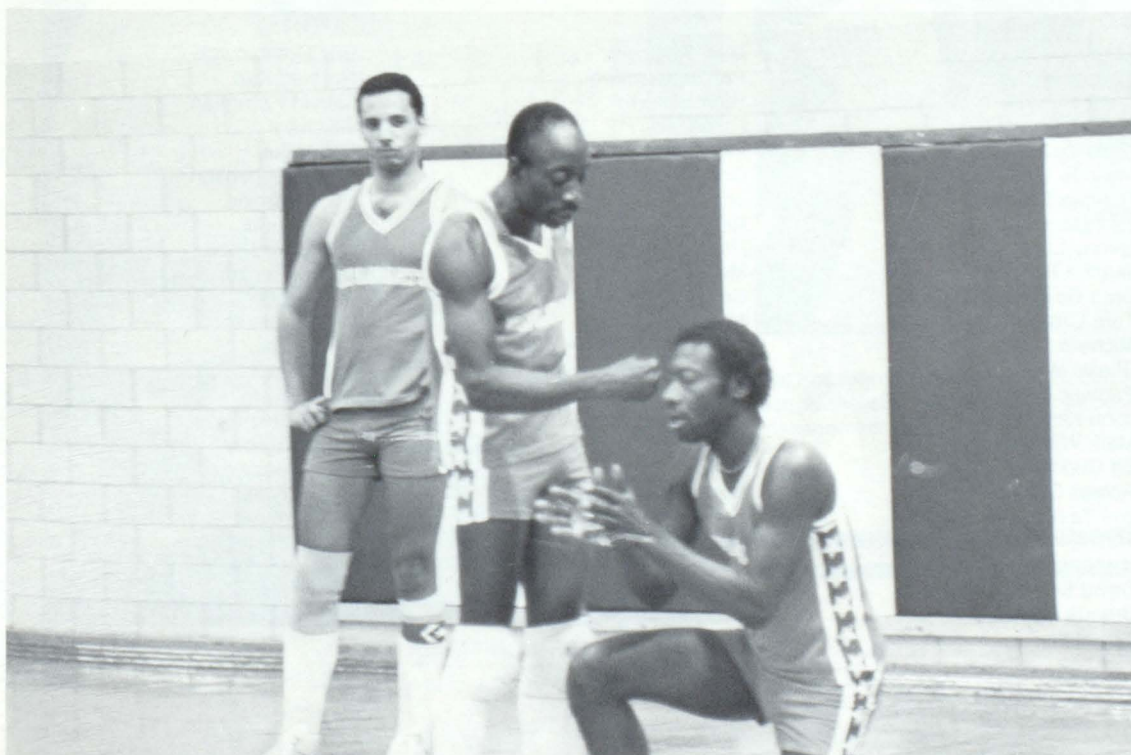

There were six players on the Diplomats' team. They were all outstanding basketball players and former college stars.

The Diplomats' humor and comedy routines had the crowd laughing and enjoying themselves the entire night.

The Diplomats amazed the crowd with slam-dunks, long distance shooting, and incredible basketball skills.

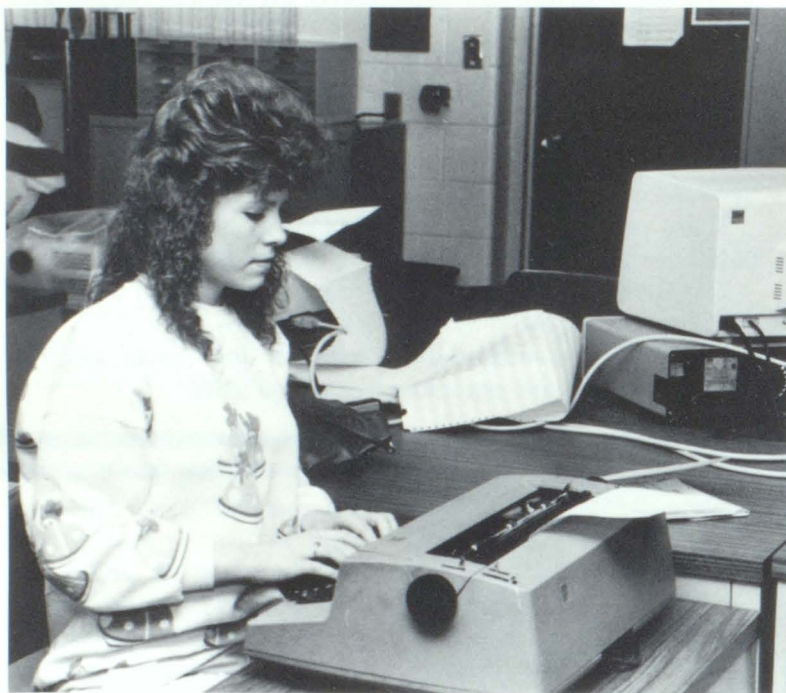

Some of the 'All-Stars' (L to R): Coach Paul Jackson, Mr. Keith Mino, Coach Jack Quinlan, Coach Greg Gkekas, Mr. Rick DeNardin, Coach Denny VanTiem, Coach Terry Curley, and Coach John Knuth.

Two of the Harlem Diplomats get into an argument as they play a game of baseball during the basketball game.

Tools Of the Trade

For the past eleven years the Skill Center has been training students for future career occupations. The different clusters available are:

* Auto Mechanics * Auto Body Repair * Business Office * Heating, Ventilating, and Air Conditioning * Small Engine Repair * General Merchandising * Machine Shop * Vocational Drafting * Cad-Cam * Building Construction * Health Care * Cosmetology * Food Management * Plastics * Welding * Electro-Mechanics *

Along with training for the future careers, the Skill Center, after one has received a title, also has job placement programs.

If one has any interest in the programs, a person should obtain placement through the counseling department.

Over one-hundred students each year from the Marysville School District attend the Skill Center with students from all of the other St. Clair County school districts. The future can be bright for that student who wishes to apply him or herself.

Spirit Week/ Coming Home

The week of February 23-26 was an exciting one. We had a spirited Coming Home Week with a lot of different ideas created.

Monday was 'Back-Off' day. Angela Gordon and Pete Stager won.

Tuesday was 'Twins' day where two people dressed alike. Heather Lang and Jennifer Fett won.

Wednesday was 'Sports' day. Todd Winston was the victor.

'Blue and White' day was on Thursday, with the champion, Chris Roehl.

It was a week filled with fun for everyone, especially Thursday night during halftime of the Marysville basketball game.

The Coming Home Court came out and Randy Edwards was awarded the honor of King.

His court was as follows:

Brad Umphrey, Freshman
Kenny Hamblin, Sophomore
Lauren Lamar, Junior
Ken McKay, Senior
Ron Howard, Senior

Freshman candidate Brad Umphrey and his mother Mrs. Umphrey.

Mrs. Hamblin and her son, sophomore Kenny Hamblin enter the gym.

Ron Howard, senior candidate, is escorted by his mother, Mrs. Howard.

People of Michigan Celebrate The State's Sesquicentennial

Many activities were organized in the State of Michigan to celebrate its sesquicentennial birthday.

Our school participation involved participating in a State wide poster competition furthering the celebration of our State's birthday.

A balloon launch was planned for May 21. The balloons contained information to make people aware of our celebration.

Numerous sorts of novelty gifts such as t-shirts, key chains, hats, plates, mugs, and the like filled the stores.

Everyone in Michigan was saying 'Yes' to Michigan.

Marysville's social studies teacher, Mr. Ted Wildermuth, played a very active part in coordinating area and State activities and keeping the Sesquicentennial in people's minds.

Social studies classes concentrated on this aspect of Michigan's history.

PanAm Flight 73

In September of 1986, Pan Am Flight 73 was hijacked at the Karachi Airport in Pakistan. Four Arabic speaking men boarded the plane and demanded the release of three of their cohorts that were in jail for murder.

The terrorists opened fire on their captives and killed seventeen while wounding one-hundred others.

The act shocked and angered the world.

Iran Arms Scandal

The Iran arms scandal was one of the most serious problems that confronted the White House.

Shipments of weapons had been sent to Iran contrary to law and without people knowing about it.

Funds had also been sent to Nicaragua.

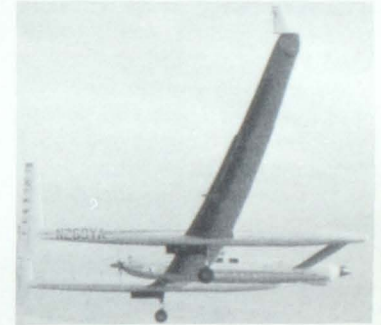

Chernobyl

The atomic explosion at the Chernobyl nuclear power plant in the U.S.S.R. was a shock to all the people of the entire world.

A lethal atomic cloud spread its radiation to other countries and in some places killed people, damaged fertile ground, destroyed animals, and left a danger and/or destruction that would last for generations.

In the surrounding areas, scientists said that many more people would die in years to come because of the accidents. Cancer and infant mortality would be the two biggest affects. The increase would probably be in the area of fifty percent.

This incident has caused the people of the world to realize how disastrous nuclear warfare would be and the caution that must be used in the peace time uses of nuclear power. The smallest nuclear warhead would equal three Chernobyl accidents.

BRUCE WILLIS took the United States by surprise. Along with his popular character on the famous television series "Moonlighting", he made his debut in the music business.

In his first album, "The Return of Bruno", Willis scored a hit single, "Respect Yourself".

Bruce Willis had more to come. He presented his first starring feature film role in the movie "The Blind Date".

The year 1986 gave the people of the entire United States a chance to rejoice. This was the year that the Statue of Liberty was completed after receiving a facelift.

It was a project that involved just about all citizens. Fundraising projects in just about every community were responsible for the privately funded restoration.

The Fourth of July was not ordinary. The celebration was a spectacular.

The date was February 9, 1987, and sailings most prestigious trophy, the America's Cup, was returned to the United States after a three year absence.

It had been lost for the first time in the history of the cup to an Australian sailing team who three years ago had altered the odds of the race by using a newly designed winged hull.

Victorious Stars and Stripes skipper Dennis Conner and his crew brought it home.

DICK RUTAN and JEANA YEAGER were the two pilots who successfully flew their experimental airplane around the world in eleven days without refueling.

It took a specially designed plane with seventeen fuel tanks, a small, unpressurized cockpit, and an extremely flexible frame to complete the task.

The plane weighed 2000 pounds without fuel and 7000 pounds with fuel.

The 1986 Varsity Football team had the best season in Marysville history. After losing the first game in over-time, the team regrouped, won it's next twelve games, and became Class B State Champions!

The secret was the countless hours that the coaching staff put in getting the team ready for every game.

The coaching staff consists of six coaches: Walt Braun, Head Coach (offensive line); Jim Venia, Defensive Coordinator (linebacker & ends); Mike Gkekis, Assistant Coach (offensive backs); Brad Wheeler (defensive line); Gary Scheffler (defensive back) and Tim Smith (receivers).

The trainers also played a major role in the winning season. They were as follows: Head Trainer, Pastor Tim Collard; Scott Wassom, Richard Quintal, John Sinda, Bill Drain, and John Krohn.

Head Coach, Walt Braun, was chosen as Sports-person of the year by the Detroit Free Press.

Absolute Enthusiasm

To start preparing for the season, the varsity cheerleaders went to camp for four days at the United States Cheerleading Association (U.S.C.A.) cheerleading camp.

Since there were separate tryouts for football and basketball seasons, competitions were not a primary factor this season.

A cheerleader's main responsibility is to keep the enthusiasm and spirit of our student body and community at a high level. They did.

Cheryl Sulkowski, basketball season captain, said, 'With cheerleading, I've been more involved in school activities, and although it's been a lot of work, I am glad that I had the opportunity to be a part of it all.

Mrs. Joyce Dawson was the first year coach for this year's team.

During the long trek to the Pontiac Silverdome and our football team's State Championship, the cheerleaders were ever present. An extra month of work and effort was involved and they performed like state champions every step of the way.

The football playoff stadiums were always bedecked in Viking splendor. The Silverdome was decorated so that the entire crowd was aware of the Vikings.

Cross Country

At the end of summer this year the cross country team began training in Houghton Lake, Michigan for the 1986 season.

Their efforts were well worthwhile because the girls finished first in SCAL and the boys proved to be a promising team for the future.

The girls' team had an excellent season this year. They were able to finish second in the regionals and fourteenth in the State, even though the girls' team was missing one teammate for most of the season.

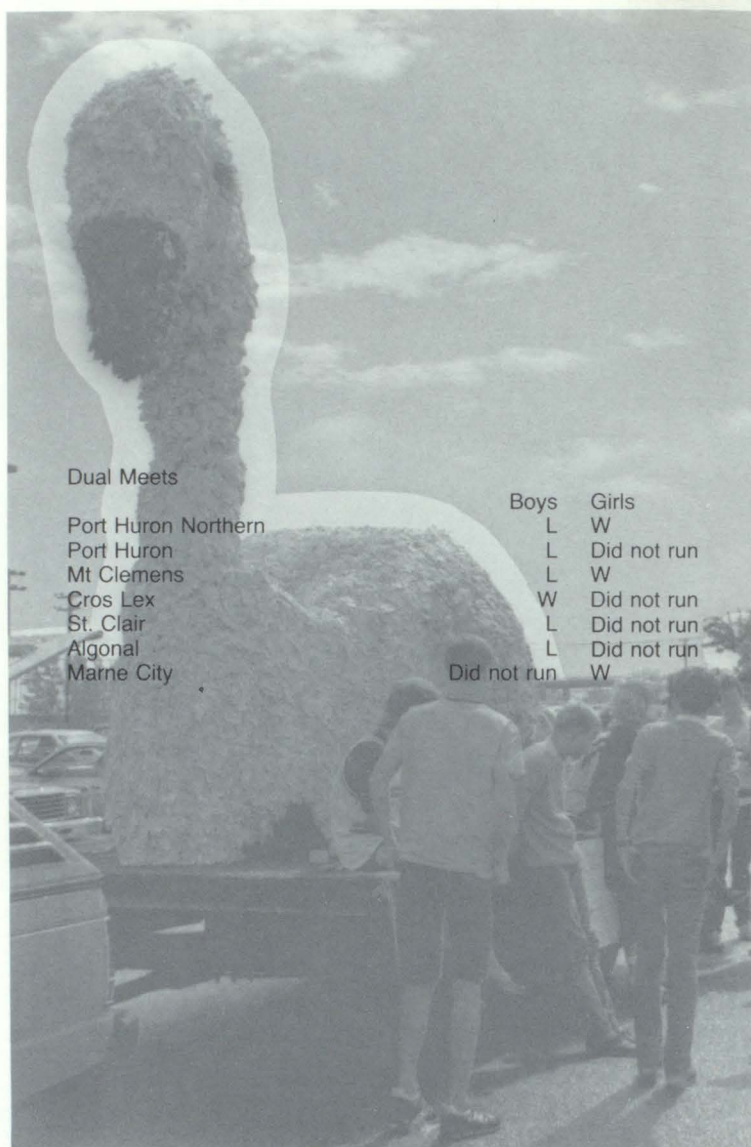

The girl Vikings voted Helen Johnson their most valuable runner, Bobbie Balon their most improved, and the girl with the most sportsmanship was Denise Smith.

Helen Johnson, the girls' captain, thought, 'This year the girls' team was very young. They should be very good next year because they are very talented girls. My four years in cross-country were the best, thanks to Mr. Patterson, all the team members, and especially Mary Mantei.'

The boys also had an excellent season. They placed third in the SCAL, seventh in the Marysville Invitational, eighth in the Port Huron Invitational, and thirteenth in the Regionals.

Chris Miciek was the most valuable runner on the team. Bryan Taylor received the most improved runner award, and Kevin Lashbrook was awarded the sportsmanship trophy.

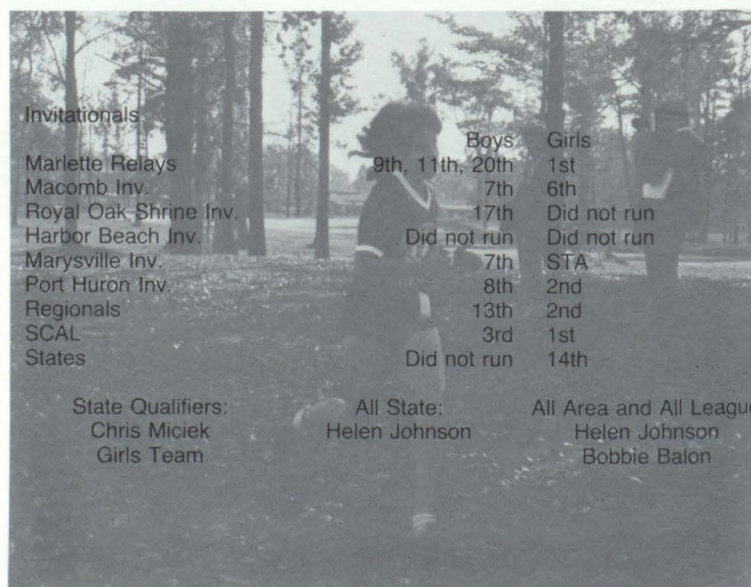

Bryan Taylor, the captain, thought that, 'Our cross-country team, although plagued by injuries, was highlighted with many great undertakings. Besides our victories, running is one experience that will always be kept in my mind. Working late into the night on the float, a colossal pink flamingo, is another. Milton P. Flamingo lives!'

The golf team had a great season. Their record was 13-0 and 10-0 in the SCAL. They also won the first Blue Water Invitational at Memphis.

In Mr. Martin's opinion, Mike May was the most improved golfer from last year. He was also voted the sportsmanship award by his teammates.

The team selected Mike Phipps as this year's most valuable player.

Girls' Varsity Basketball

The Girls' Varsity Basketball team had a very impressive season this year. After defeating St. Clair in the second round of league play, they captured a share of the S.C.A.L. title with St. Clair.

The team met St. Clair a third time in the finals of the State District Tournament after beating Marine City and Yale to get there. The girls suffered a tough and close loss.

Captain Trish Czajka commented, 'It was a really fun season and everyone got along swell.'

The coach, Mr. David Schmorow, stated in enthusiastic tones, 'This was our best season in several years.'

The team ended with a record of 17-5 overall and 9-1 in the league.

Sarah Warren was selected by league coaches as the league MVP, and Shannyn Fasbender and Sherry Lindke were named to the S.C.A.L. second team.

The 1986 Girl's J.V. Basketball team jumped into action this season. They took first place in the league with a 10-0 record.

'I think the team did fantastic,' said Coach Sue Hrisca. Coach Hrisca agreed

The activities that they took part in consisted of cheering on the team, making locker signs, managing the concession stand at meets, and assisting in the running of home wrestling meets.

The tri-captains for this year were Lesa Cowper, Tami Balla, and Amy Johnson.

The Wrestlerettes were most noticeable and most impressive when Marysville hosted the S.C.A.L. wrestling championship tournament. The girls were the perfect hostesses.

Marysville Wrestlers Stay On Top

'A team is successful because of the depth they possess. This year's team had more depth than any other that I've coached here at Marysville thus far,' stated Coach Bill Goetz.

'This was evident by the continuous changing varsity lineups that were used throughout this season. The team compiled a 14-4 record in duals and while doing this gained valuable mat experience for next year's season.'

In the three years that Coach Goetz has been on the job, he has built the team on quality and quantity.

Three years ago, the team consisted of six wrestlers and now has expanded to a complete JV and Varsity squad.

In the last three years the team has totaled 30 wins against 18 losses.

The team has climbed in the league standings, also. This year they finished third in the S.C.A.L.

Volunteer assistants Mr. Bud Medford and Mr. Larry Badley helped Coach Goetz and the team once again this year.

Co-Captains

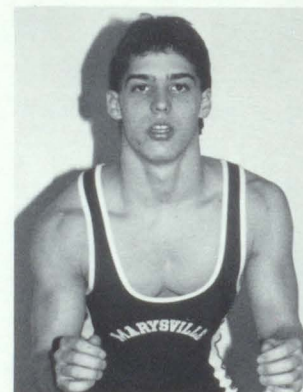

Jeff Patterson

Jeff has been a wrestler for three years. He holds a record of 25 wins and 6 losses for the season.

He holds the school record for the most pins by a junior, 19.

Jeff's outlook on wrestling is 'winning and knowing you are the one who was there to win it.'

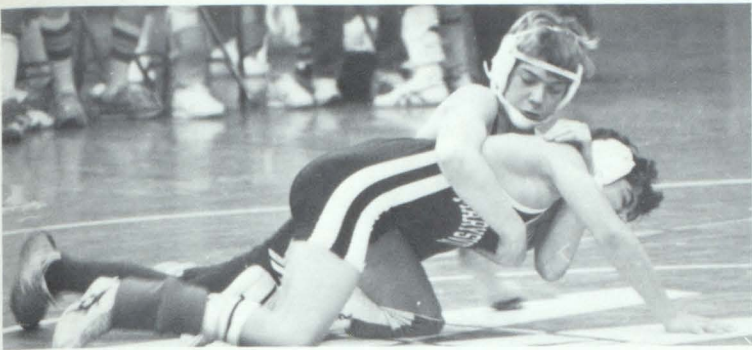

Joe Miller

Joe has been wrestling for three years. His record for this season was 19-9.

He enjoys wrestling because it is a team sport, but at the same time you are on your own on the mat. 'You win or lose, yourself.'

Joe was the only wrestler from Marysville to make it out of the Districts to the State Regionals.

Seniors

Mike Hamann

Mike has wrestled for two years. His most memorable moment was when he won in S.C.A.L. in his first year. Mike joined wrestling to get into shape and the thing he likes most about the sport is how you rely on yourself to pull you through a match.

Pat Catlin

Pat has been wrestling for three years and is 21-4 this year. Pat joined wrestling because he thought the idea of competition against people his own weight would be a great challenge. Pat's most memorable moment was his first match that he ever won. It came at a moment when he had lost eight straight matches. Pat's encouragement to next year's team is 'Size doesn't matter. If you work hard, you will get results.'

Jim Valentine

Jim is a three year wrestler. Jim's most memorable moment was 'when we wrestled Cros-Lex last year and they put a spotlight in the center of the mat and that was the only light they had on.' Jim is considering wrestling in the Navy.

Jose Rubio

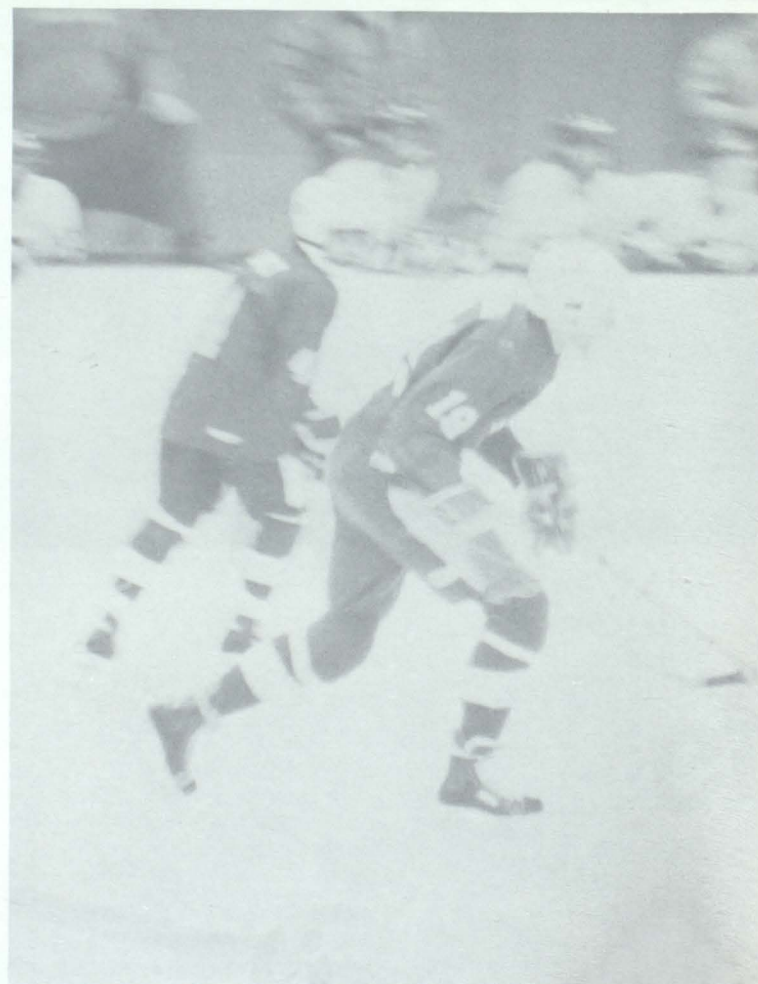

Jose is a first year wrestler in his senior year. He remembers his match against Armada. At the time he was 0-2, and behind 5-0 in the match. He came back to win the match, 12-5. Jose's outlook on wrestling is that it is great exercise and that he learned a lot about the sport. He said that it turned out to be a lot of fun.

Something New At M.H.S.

Marysville High School has not had a hockey team since 1979. This year's team was sponsored by the parents of the players.

The team practiced every Tuesday and Wednesday morning before school at McMorran Arena.

Their coach was Mr. LLOYD Maxfield, a former professional hockey player.

Because it was a first year, Coach Maxfield carried 23 players because he did not know what talent existed.

The captain of the team was Rick Lashbrook.

The hockey team played teams that had been in existence for several years. Their record is a credit to the coach and team.

Varsity Basketball

The 1986-1987 Varsity Basketball team had to keep the Viking winning tradition rolling. Everyone wanted a winning season, and the team definitely delivered with victories and plenty of fast action and excitement.

They did the job.

Led by senior captain, Tom Hornbacher, the Vikings compiled an 11-9 record overall. In the S.C.A.L. the Vikings finished in third place with a 5-6 won/lost record.

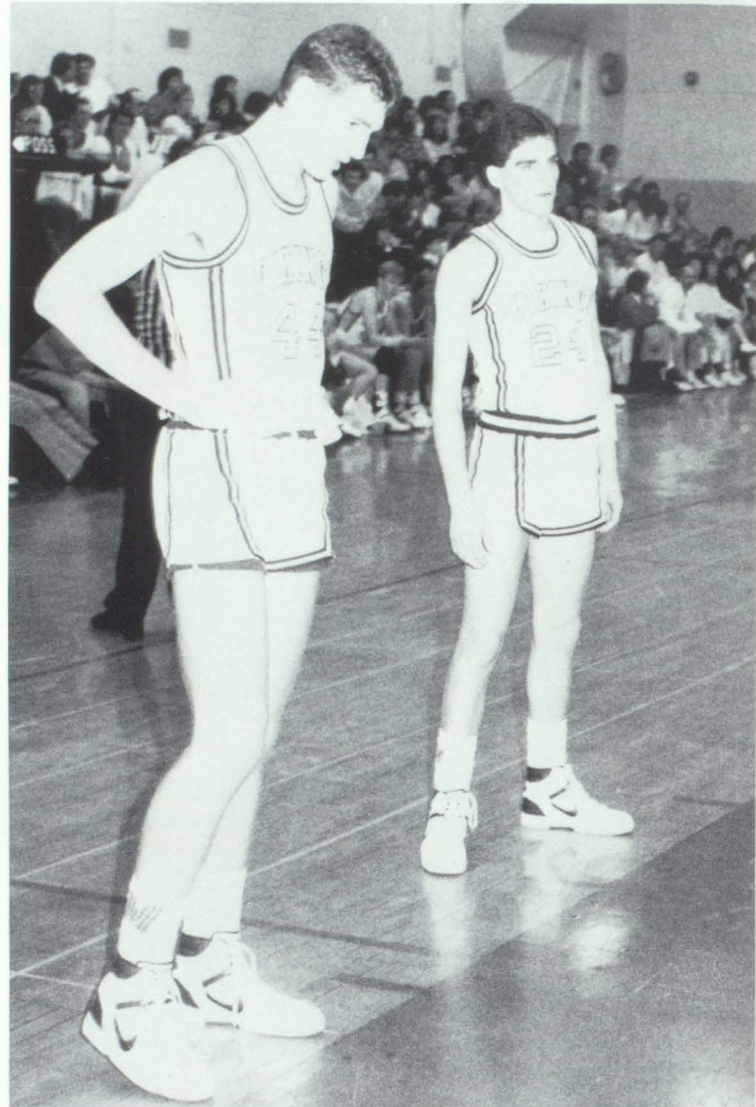

The Vikings had many talented players. Juniors Don Goheski, Brian Bertovick, and Todd Winston were very effective and a promise of things to come. Along with Hornbacher, seniors Jeff Smith and Jeff Keighley were the players with four years of experience that the Vikings depended on throughout the year.

The man behind all of the Viking's efforts was their coach, Mr. Paul Jackson. A one time Marysville player himself, this was his ninth season as the head basketball coach.

The team manager, Kevin Lashbrook, was very vital to the team. He had many responsibilities and made the season easier for both the players and the coach.

Marysville fans supported their team. The team was fun to watch because of their talent and fast style of play. The informal 'Sixth Man Club' consisted of students who vocally and visually gave their support in creative and imaginative ways for most of the season. Marysville fans enjoyed watching their team play.

The 1986-1987 season was absolutely 'hoopin'.

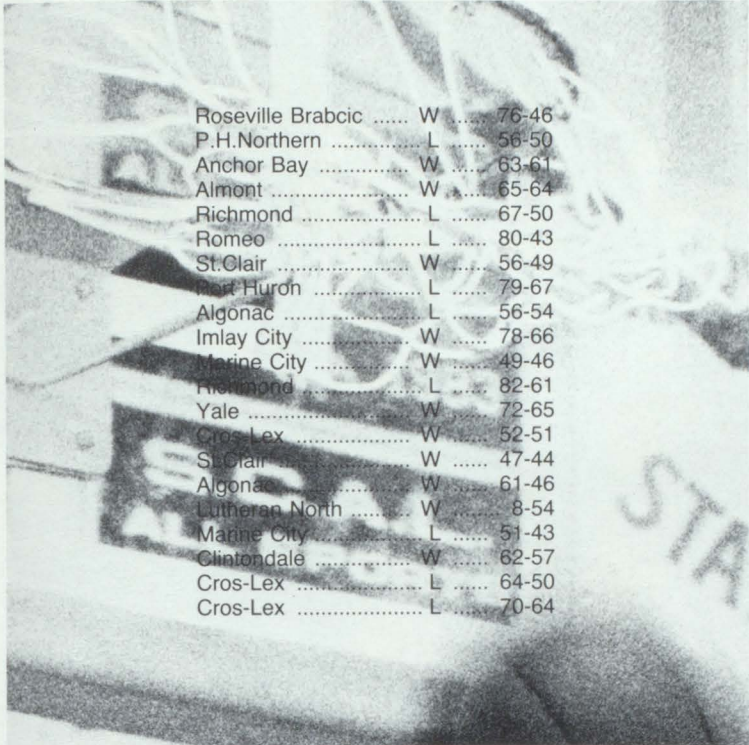

Junior Don Goheski waits for another rebound as he increases his team lead in that statistic.

Varsity Valhallas

The 1986-1987 Varsity Valhallas squad consisted of seventeen girls who all work very hard.

They began the first two weeks of their season by doing aerobics everyday. After that they begin to put their routines together. This year the whole squad was involved in this process.

The Valhallas elected Tina Balinski as their captain for the season. The elected co-captain was Lisa Bertrand. Dawn Sabb was selected as the secretary, and the social chairman was Elissa Cornwell.

Dusty Hondzinski, a three year member of the Valhallas, commented, 'Everyone on this year's squad wants to work together to look good.' Others on the team added that it was hard work, but was worth it.

The girls attended two competitions, one at the Pontiac Silverdome and a second one entitled the Mid-American.

It is a long year for a Varsity Valhalla. Clinics, practice, parades, and tryouts all seem to take place in the summer. The team decided to concentrate on the basketball season and entered the winter refreshed and enthusiastic.

The Valhallas are coached by Mrs. Joey Balinski who devotes many long hours to the group.

An Absolute Future

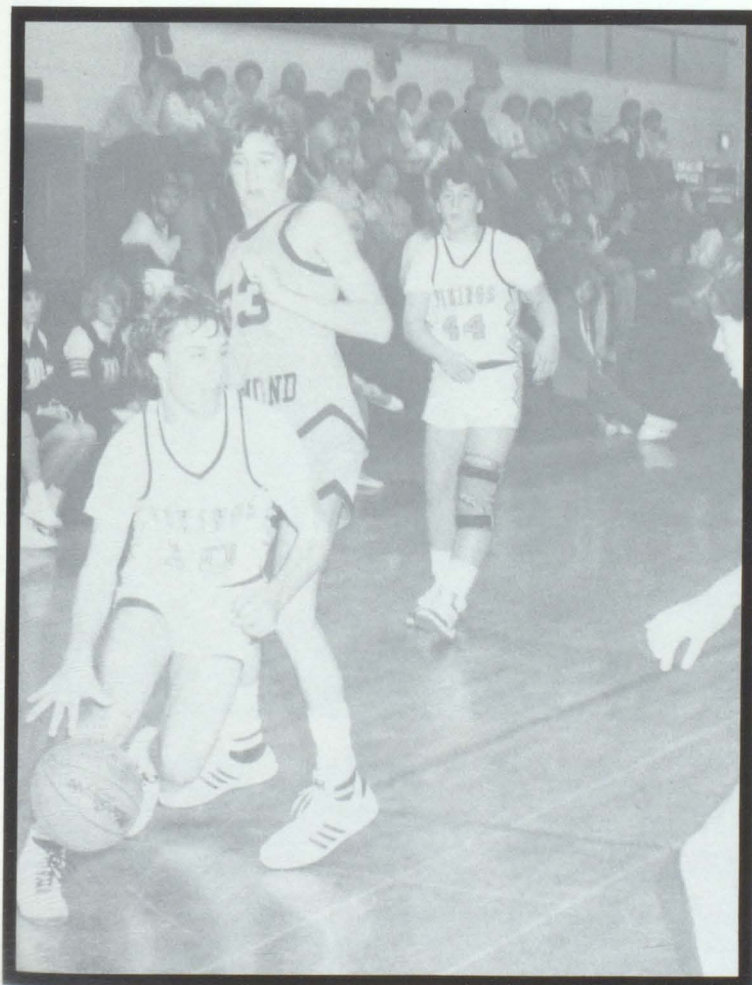

FRONT (left to right): Shawn Winston, Dave Griffin, Bill Balinski, Tom Herbert, Tim Phipps, Ken Hamblin. BACK: Matt Germain, Scott Kendrick, Andy Switzer, Bruk Weymouth, Bill Ryan, Phil Czarnecki, Dave Wilton, Matt Fults, Coach Kirk Smith.

Under the direction of second year coach Mr. Kirk Smith, the Junior Varsity basketball team compiled a **-* record.

The season saw some thrilling games. Many games were won or lost by only a point or two, including a victory over Yale with the ball going in after the horn.

The Junior Varsity looks for a way to score. Speed, a good eye, and a smooth shot are the secrets.

Junior Varsity Valhallas

Every Monday and Thursday night throughout the year, one could find the Junior Varsity Valhalla squad practicing hard to be the best that they could be.

The squad consisted of ten girls. Christy Reed was the elected captain of the team, and Kim Shoff was the co-captain.

Mrs. Pat Tack was the coach for the third consecutive year.

The girls looked forward to performing in the tournaments during the summer and especially the Silverdome competition.

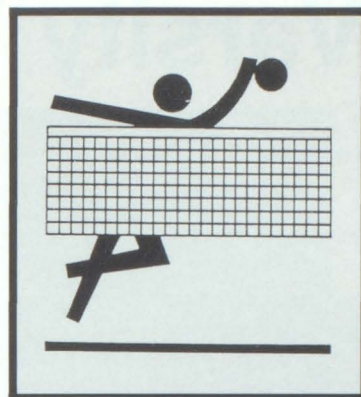

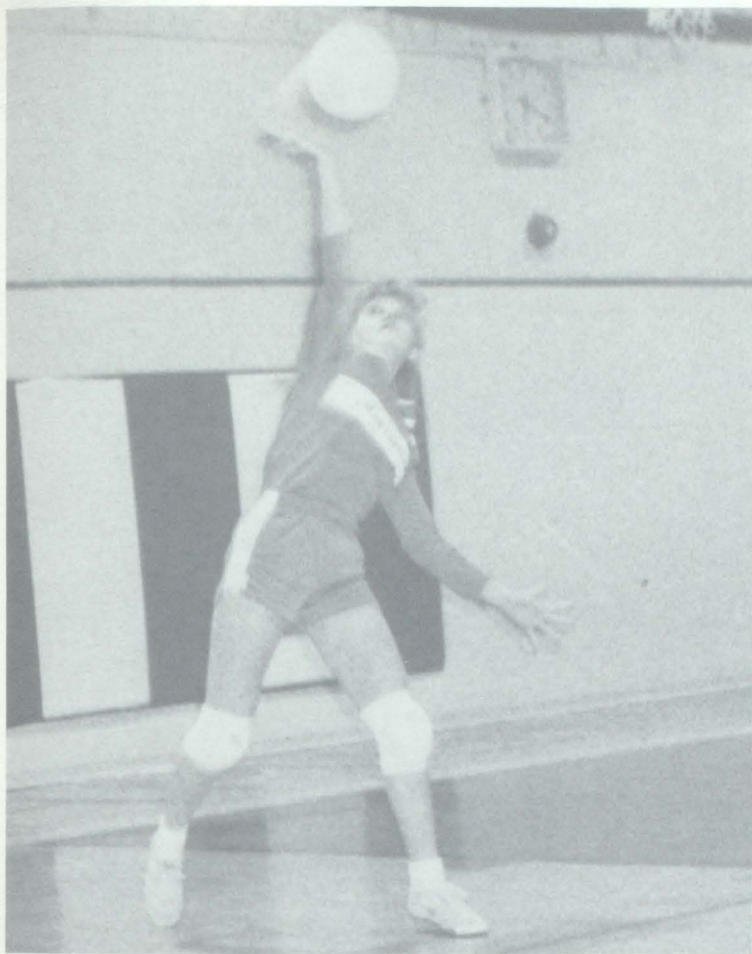

Back Row (left to right): Tara Pleiness, Christy Reed, Patty Pozios. Middle Row: Wendy Forton, Andrea Alexander, Pam Engel, Toni Mumford, Becky Webb. Front: Stephanie Burrowski, Kim Shoff.

TOP RIGHT: The JV Valhallas cluster around their coach, Mrs. Pat Tack.

MIDDLE RIGHT: The JV Valhallas kick for the sky during a halftime performance during the Richmond junior varsity game.

BOTTOM RIGHT: Toni Mumford waits for her signal to begin.

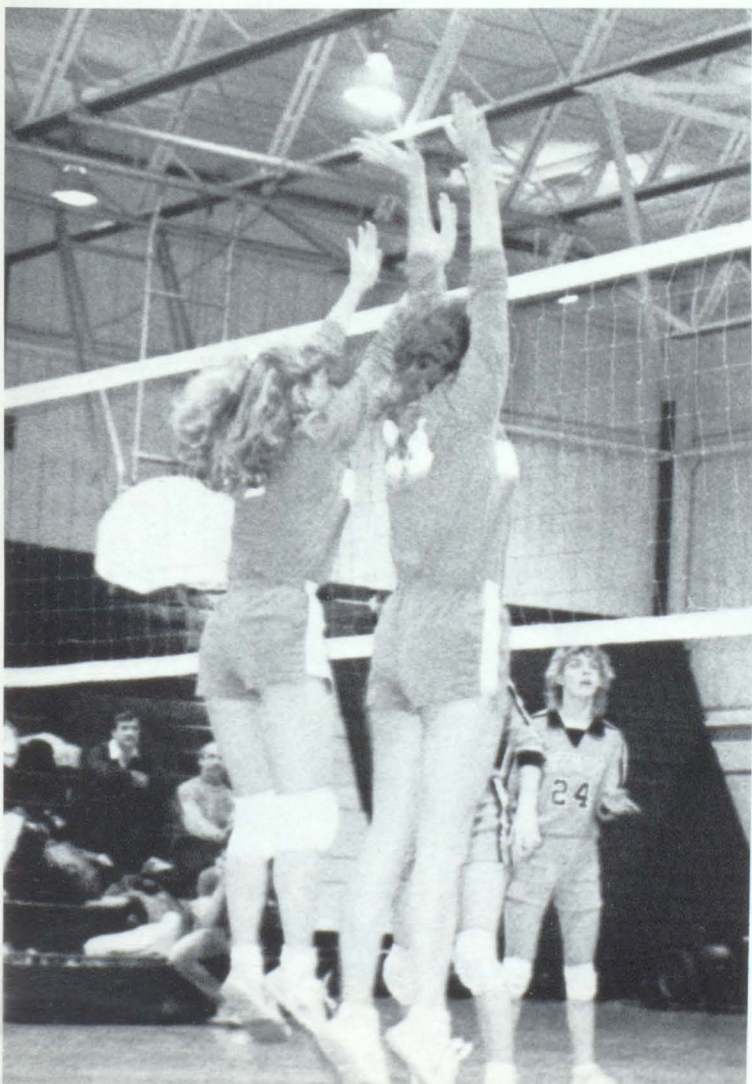

JV Volleyball Gets Set For Victory

The JV Volleyball team had a great year with new coach Ms. Lynne O'Dell. The team had an 11-3 overall record and were 8-2 in S.C.A.L. play.

Coach O'Dell had coached volleyball for two years at Port Huron Northern before coming to Marysville this year.

Coach O'Dell had comments about being at Marysville. She said, 'I like it very much. The kids are very competitive and very talented. I enjoy them very much.'

The JV developed fundamental volleyball skills throughout the year, such as setting, spiking, and blocking.

FRONT (L to R): Jenny Hall, Brooke Hendrick, Jodi Lixey, Chris Sawdon, Kim Allen, Stacey Robb. BACK: Bobbie Balon, Marilyn Radatz, Wendy Wypych, Kim Emery, Sara Gorinac, Coach O'Dell.

Kim Allen and Sara Gorinac jump up for a block against Richmond.

Varsity Volleyball

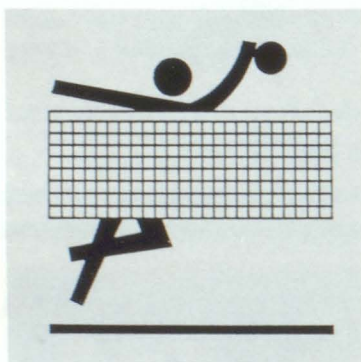

Varsity volleyball has shown steady improvement in the last three years. Coach John Knuth has been successful in putting together a team with a variety of strong offenses and defenses.

Overall, the team had depth. The setting, blocking, spiking, and serving were strengths.

Despite a year of injuries the team found the winning touch, finishing second in the S.C.A.L. and second in the State Districts by two points.

FRONT (L to R): Deanna Sheehy, Sarah Warren, Denise Durcan, Kim Smith, Sue Berger, Sheila LePak, Manager Kim Knuth. BACK: Marcy Haight, Sherry Lindke, Shannyn Fasbender, Marie Stevenson, Kerry Stinson, Coach John Knuth.

Coach Knuth goes over strategy during a timeout in the Cros-Lex game.

Left: Shannyn Fasbender drills a spike during the Marysville Invitational.

Kerry Stinson serves a ball during warm-ups.

Swimming To Victory

This year's swim team continued the impressive record of the last few years.

Led by co-captains Ron Howard and Pat Ropp, the team compiled an overall record of 16-1.

Competing as a boys' swim team, many girls were also on the team and competed.

The Vikings finished first in the S.C.A.L. with a 3-1 record for their second straight league championship.

State Champion Ron Howard rewrote the record book.

The team was coached by Mr. John Hurley.

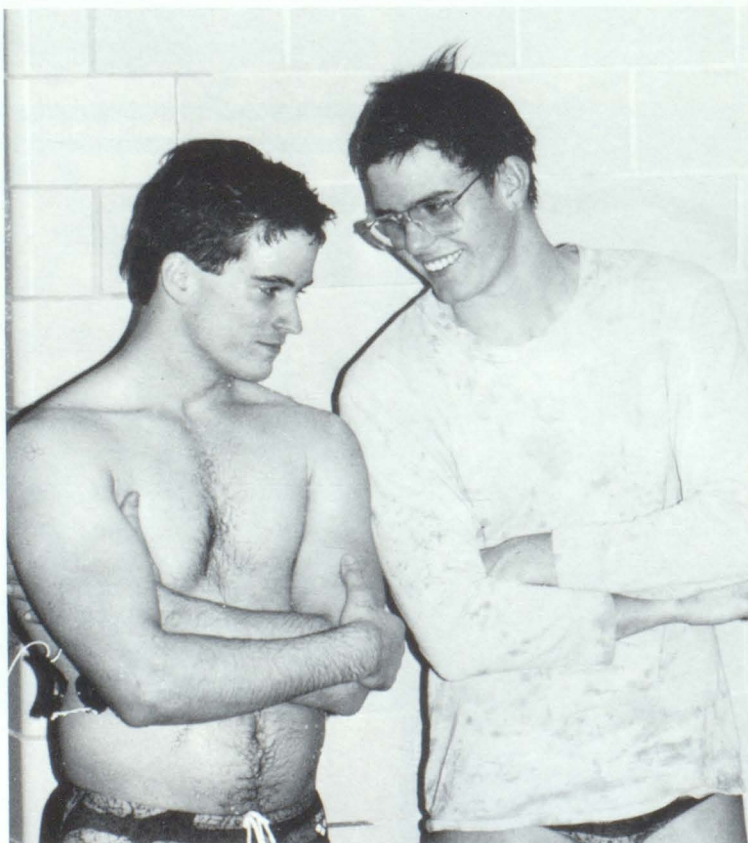

FRONT (L to R): Joannie Parmann, Leanne Conley, Pam Goodman, Shelly Warsinske. SECOND: Michelle Turner, Mark Docherty, Pat Ropp, Melisa Mallwitz, Jennifer Jack. THIRD: Richard Quintal, Mike Binienda, Phil Ritter, Brian Jack, Becky Bushey, Ron Howard, Kelly Sampson, Jerry Brown, Cara Wedge. BACK: Coach Deshon, Pat Dill, Kevin Bennett, Dennis Decator, Richard Hart, Coach Hurley.

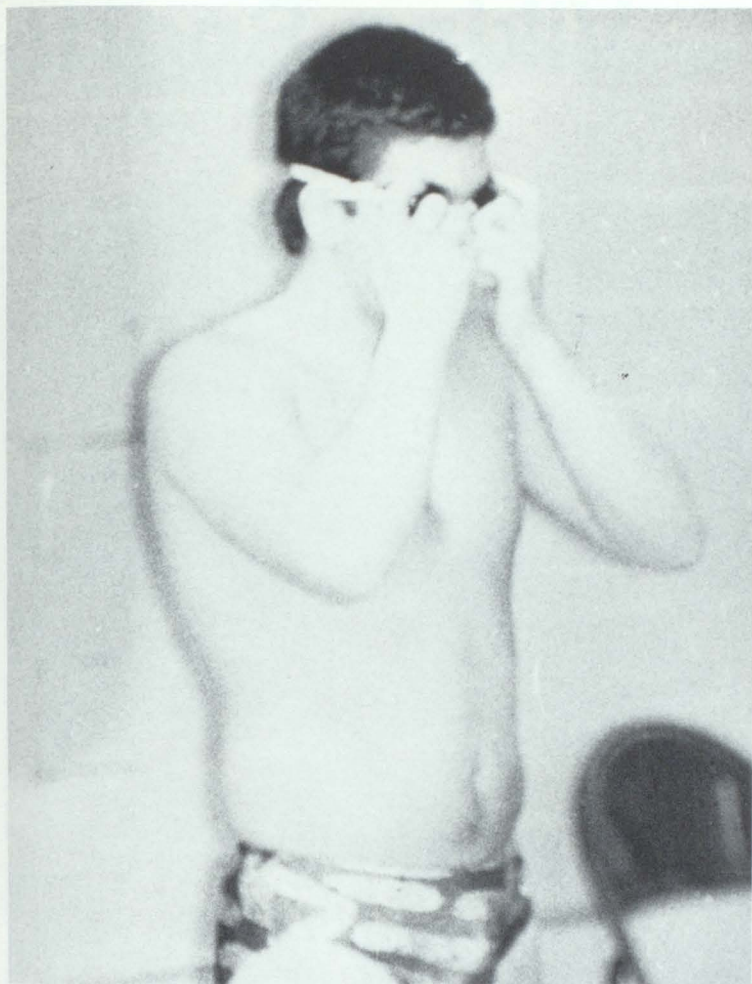

Co-Captains Pat Ropp and Ron Howard discuss a meet in progress.

Pam Goodman prepares for the next event.

Mark Docherty adjusts his swim goggles during a meet.

Scott Forester concentrates before he competes as Pam Goodmen looks on.

Pam Goodmen swims to victory!

Viking Sports

Craig Headlee, #50, leads Steve Foster, #48, for another big chunk of yardage.

Trish Czajka, #32, waits for a rebound.

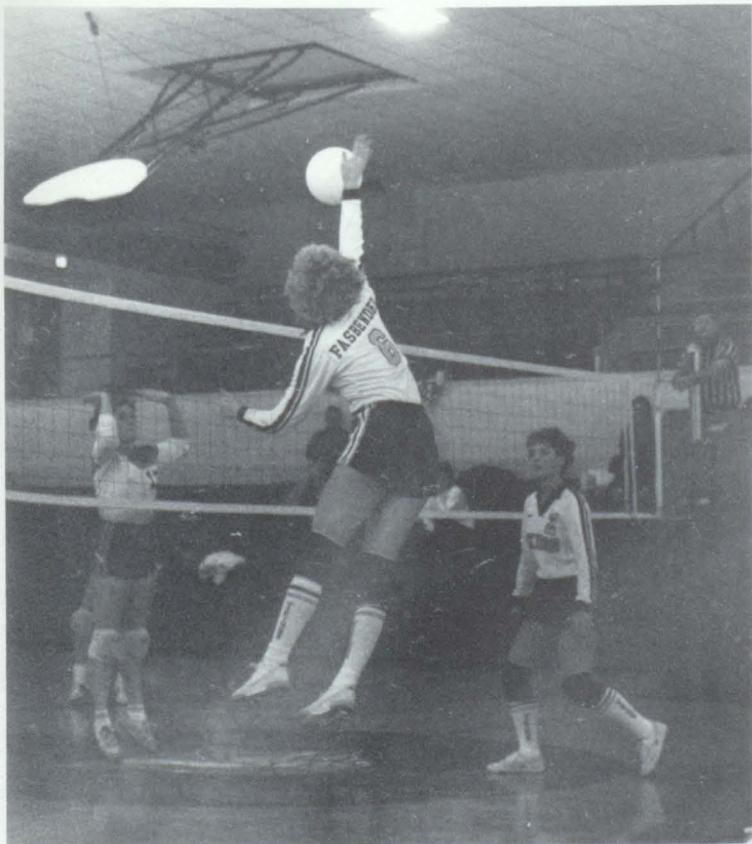

Mike Phipps, at the Marysville Golf Course, makes another spectacular drive.

Tom Hornbacher fights for a rebound.

Coach Braun gives a chalk talk.

Shannyn Fasbender spikes the ball for a volleyball point.

Bobbie Balon pushes on during a Cross Country meet.

wishes to express our gratitude to

Mr. Ted Wildermuth

Thank you, Mr. Wildermuth, for all the extra time and effort you gave to our class during our high school careers to make the past four years some of the best we will ever know.

We would also like to thank Mrs. Althea Jarchow and Miss Beverly Butler for all the hassels they put up with to make our senior play a success.

To all our class advisors and the rest of the faculty and administration, Thank You for the time and education you gave us throughout our high school years.

Good Luck to Next Year's Seniors.

Enjoy Absolute Reality

"All fantasy should have a solid base in reality."

-Sir Max Beerborhm

"For what is reality but a series of bizarre events."

- Anonymous

"Truth is one forever absolute, but opinion is truth filtered through the moods, the blood, the disposition of the spectator."

- Wendell Phillips
